ESTABLISHED 1833. FORT WAYNE, IND. FRIDAY, SEPT., 7, 1900. PRICE TWO CENTS

WILL GO TO PEKIN

LI HUNG CHANG ASKS FOR AN AMERICAN ESCORT.

CONSUL CONSIDERS REQUEST

BRITAIN THINKS ALLIES MUST STAY IN PEKIN.

HER POLICY NOW DISCLOSED

WAITED UNTIL POWERS WERE IN NOMINAL ACCORD.

London, Sept. 7.—A special dispatch from Shanghai says Li Hung Chang has made a request for an American escort to accompany him on his journey to Pekin and that United States Consul Goodnow is considering the request.

Now that a proposal more in conformity with the original American recommendation has apparently met with the approbation of at least a majority of the powers, the British foreign office has allowed it to become definitely known that the British government is of the opinion that it is advisable for the allied forces to remain at Pekin until satisfactory arrangements for peace, etc., are concluded with the Chinese government.

WALDERSEE PROCEEDING.

Colombo, Sept. 7.—Count Von Waldersee, commander in chief of the allied troops in China, arrived here this morning. After spending a few hours ashore, the count resumed his voyage.

FAVOR LI HUNG CHANG.

New York, Sept. 7.—A dispatch to the Herald from Tien Tsin, August 28, via Che Foo, September 3, and Shanghai, September 5, says:

It is reported that the American minister approves of inviting Li Hung Chang to Pekin to negotiate on behalf of China. Those who know this viceroy best regard him as insincere, incapable and unreliable.

In Pekin the government is dead. It means either partition or the maintaining of independent provincial governments.

ARRANGING A COMPROMISE.

Paris, Sept. 7.—Active negotiations are in progress looking to some compromise arrangement with Russia regarding the position she has assumed toward Pekin. The communications exchanged between the powers now have better promise of success. The compromise suggested, it is asserted here, is the withdrawal of the forces of all the powers from Pekin, leaving an international guard to protect the legations, which, it is further asserted in Paris, will be allowed to remain at the Chinese capital pending a peace settlement. The main body of troops, it is also said, will retire to the neighborhood of Tien Tsin, leaving sufficient forces along the road to keep open the route and railroad between Pekin and Tien Tsin.

Russia's attitude is interpreted here as meaning that she will withdraw her troops outside the walls of Pekin, but not necessarily a great distance from that city.

ROCKHILL ENTERS A DENIAL.

Washington, Sept. 7.—The state department has issued the following:

"A cablegram has been received from Mr. W. W. Rockhill, dated at Shanghai, September 5, in which he authorizes the department to deny emphatically and categorically the statements made in certain newspapers relating to an interview alleged to have been given by him. The only interview he has ever given related strictly to the circular of July 3. He states that no merchant vessel will be sailing from Shanghai for several days."

THOUGHT IT A PERSONAL TALK.

Shanghai, Sept. 7.—William W. Rockhill, United States special commissioner in China, when questioned today regarding his denial of statements made by him to a correspondent and cabled last Sunday, said, as he considered the conversation personal, he had felt justified in replying that he had given no interview.

CARRIES MONEY FOR TROOPS.

San Francisco, Sept. 7.—The steamer China, which sailed for Hong Kong carried nearly $1,500,000 in gold and silver currency for the United States troops in China.

FOR BARRACKS IN CHINA.

Seattle, Wash., Sept. 7.—The government transport Goodwin, now at Tacoma, is loading building lumber for the troops in the orient. She will come to Seattle to complete her cargo of 2,500,000 feet, taking also 600 doors and 800 windows, and then will sail for Taku, China. The war department is to establish a cantonment, or temporary post, at Taku. Local officers of the army believe that this shipment of lumber indicates that regardless of the settlement of Chinese affairs or the continuance of war, American troops are to be kept in China for at least six months.

KAISER TALKS AT STETTIN.

Stettin, Sept. 7.—The emperor and empress of Germany arrived here today to attend the imperial navy maneuvers. In reply to an address of welcome from the burgomaster, his majesty declared his conviction that success would attend the efforts being made in the far east to establish a stable government and orderly conditions under which the German merchants can carry on trade undisturbed and without risk.

In conclusion, his majesty said he felt no anxiety for the future and was satisfied that his plan would succeed and serve the best interests of the fatherland.

REVIEW OF THE SITUATION.

Washington, Sept. 7.—It is known that the government has inferential knowledge of the attitude of all the powers regarding the Russian proposal, but it is still awaiting official advices as to some of them.

The information concerning those regarding which no official announcement has been received, it is stated,

SOME FIGHTING IN AFRICA

MINOR OPERATIONS ARE REPORTED FROM FIELD.

Lord Roberts Regards the War As Over and Will Soon Leave the Field for Home.

London, Sept. 7.—Lord Roberts reports from Belfast, Transvaal, under date of Wednesday, Sept. 5, as follows:

"Ian Hamilton traversed Dullstroom yesterday with slight opposition.

"Buller engaged the enemy's left this morning. Hamilton is endeavoring to turn the enemy's right.

"Boers, with two guns and one pom-pom, this morning attacked 125 Canadian mounted infantry, guarding the railway between Pan and Wonedersfontein. Mahone proceeded to their assistance, but the little garrison had beaten off the enemy before he arrived. It was a very creditable performance. The wounded were Major Handers and Lieutenant Moodie, slightly, and two men. Six men are missing."

ROBERTS GOING HOME.

New York, Sept. 7.—A dispatch to the Tribune from London says there are many signs that the military authorities predict the end of the war as close at hand. Lord Roberts is making preparations to return to England and has already sent four of his chargers down to Cape Town. The general belief is that General Roberts is coming home to take up the post of commander-in-chief of the British army, which Lord Wolseley will vacate in October.

OVATION FOR BADEN—POWELL.

Cape Town, Sept. 7.—General Baden-Powell arrived here this morning. In spite of the early hour of his arival a great public ovation was given in his honor. The crowd carried him on their shoulders from the railway station to the government house, a distance of half a mile.

OLDEST METHODIST MINISTER.

Williams, Cal., Sept. 7.—Rev. Lorenzo Waugh, the oldest Methodist minister in the world, did suddenly in the railroad depot here just after alighting from a train. He was born in Pocahontas county, W. Va., in 1808 and entered the ministry sixty-eight years ago. He came to California in 1852 and soon after was presented by General Vallejo with a half section of land on which he made his home. He was known throughout the state as "Father" Waugh.

ACROSS A STATE

ROOSEVELT ADDRESSING THE PEOPLE OF MICHIGAN.

MAKES RAPID-FIRE SPEECHES

TALKS ONLY A FEW MINUTES IN EACH PLACE.

GREAT CROWDS GREET HIM

HE BEGAN HIS CAMPAIGN IN DETROIT.

Bay City, Mich., Sept 7.—Governor Roosevelt's special train which left Detroit last midnight arrived here at 7 a. m. Accompanying the governor are Chairman Diekma, of the republican state committee; Col. A. T. Bliss, of Saginaw, candidate for governor; some of the Michigan congressmen, and several press correspondents.

The governor did not awake till the train entered the station, greeted by many whistles. This cut his two hours' scheduled stay about half.

The governor was driven to Central Avenue park, escorted by a company of local Roosevelt rough riders.

THE GREAT ISSUE.

In his speech he said:

"The great issue that we have before us this year is whether we shall continue the policy that gives to every man a chance to earn his living if he wishes to do so. That is the great issue. That is what we need. We want conditions such that a man of thrift, industry and business sagacity can use those qualities to the best advantage.

"Here in Michigan you know for yourselves without it being necessary for me to say so, the infinite difference between now and four years ago, in any of your industries—in the beet sugar industry, think of the difference now. Think of what the conditions are now and you will deliberately plunge us back into industrial chaos if you reverse the policy to which the nation is now committed. That is the greatest issue.

"Secondly comes the issue of keeping the flag up in honor where it has been placed in honor. You of Bay City sent your sons to the Spanish war as their fathers before them had gone to the great war. It was but a small war, but it showed the spirit of the people. It showed that they had not forgotten the lesson taught in the great contest of '61 to '65. You did not let us contract in 1865 and we won't contract now.

"These are the issues of national prosperity and national honor. And the American people must give but one answer when such questions are asked."

Promptly at 9 o'clock the train moved off to Saginaw, followed by a great train load of Saginawians, who had come to Bay City as escort.

AT SAGINAW.

Saginaw, Mich., Sept. 7.—The Roosevelt train reached Saginaw at 9:30 this morning. The crowd about the station was even greater than that at Bay City. The Saginaw Rough Rider club was on hand, mounted and clad in blue flannel shirts, army trousers, leggings and sombreros. The procession which formed had six bands in line, twenty carriages and several hundred people afoot.

Governor Roosevelt spoke from a stand erected at Genesee and Jefferson streets. The former street was literally packed for three squares.

Only a minority of those who saw the candidate could hear him, but these cheered as loudly as the rest.

TALKS OF PROSPERITY.

As in Bay City, the colonel reserved his voice and spoke but five minutes. Pointing to a motto carried by a marcher, Governor Roosevelt said:

"The issue of the campaign is contained in that second placard, 'Let well enough alone.' Old man Well Enough is old man Good Enough and it is best to let him alone. We have been doing well year by year, and are doing better. Let the American people have the good sense to keep in office the man under whose administration we have achieved our present prosperity. This is more than a mere party contest.

"We appeal to all the old school democrats because we can trust the old school democracy, especially in this state, the state of General Cass, who was a democrat of hard money and expansion.

"We appeal not only to all good republicans, but to all good democrats and all good Americans to stand with us. We in this country care nothing where the man was born, or what his trade may be, whether he was born here or abroad. If he is a good American and a good citizen, proud of the honor and reputation of the country, we clasp hands with him and challenge the right to his support in this contest for national well-being, for the honor of the flag and the honor of the country. In brief, my fellow citizens, this contest is fundamentally a contest for the conditions at home, which have been obtained under the wise administration and legislation of the past four years, and for the upholding of the honor of the flag in the face of all the nations of the world."

Colonel Bliss, republican candidate for governor; State Chairman Diekma and others made brief speeches. At 11 o'clock the train pulled out for Owosso.

SPOKE AT OWOSSO.

Owosso, Mich., Sept. 7.—The Roosevelt special arrived here at noon and a stop of twenty-five minutes was made. The speakers' stand was only a block from the depot, so practically all of the time was available for speaking. Governor Roosevelt, Colonel Bliss, Philip T. Colgrove, of Hastings, and Congressman Fordney, of Saginaw, were the speakers. There were many farmers in the crowd of listeners.

MEETING AT LANSING.

Lansing, Mich., Sept. 7.—Escorted by the Commercial Travelers' club of Michigan's capital city, Governor Roosevelt on arrival here drove to a large tent which had been erected on Michigan avenue, two blocks from the station, and spoke to an enthusiastic audience.

Congressman Sam Smith followed Governor Roosevelt with a short speech and at 2 o'clock the party left for Jackson, accompanied by an escort from that city.

THE INITIAL MEETING.

Detroit, Mich., Sept. 7.—The initial meeting of Governor Roosevelt's western tour, which was held in the big assembly room of the Detroit light guard armory last night, was all that the governor's most ardent partisans could have desired in point of attendance and enthusiasm. The floor and galleries of the great hall were crowded. Many were on the outside unable to obtain seats or standing room within hearing distance. Homer Warren, chairman of the republican city committee, called the gathering to order and Brig. Gen. Henry M. Duffield, who was introduced as another of the leaders in the Santiago campaign, presided. General Duffield in a brief opening address eulogized the speaker of the evening.

When the governor arose to speak the great audience arose almost en masse and remained standing and shouting for some time.

GIVES OBJECT LESSON.

Governor Roosevelt gave the audience an object lesson when he asserted that our soldiers in the Philippines and less to fear from any body of armed bandits in that country than they had to fear from the principles of the Kansas City platform and the success of the democratic ticket. He said five members of the regular army were present and he asked them to stand up that the audience might see their tyrants.

Five soldiers from the Fourteenth infantry, at Fort Wayne, who occupied front seats, when thus invited arose and were applauded until their cheeks glowed with blushes.

"Now," exclaimed Governor Roosevelt, "behold your tyrants." The audience shouted with laughter. "There are here," continued the governor, "five soldiers to 4,000 people in this audience, which is a larger percentage of tyranny in this house than the percentage of the regular army bears to the whole number of the people of this country."

In concluding his speech, Governor Roosevelt said:

"The policy of expansion is America's historic policy. We have annexed the Philippines exactly as we have annexed Hawaii, New Mexico and Alaska. They are now part of American territory and we have no more right to give them up than we have the right to restore Hawaii to the Kanaka queen or to abandon Alaska to the Eskimos. There is not a particle of difference between the cases. We cannot go back—first, for the sake of the islands themselves, and next, for the sake of our own honor."

The ladies of the Third Presbyterian church are preparing to serve lunches in front of the church next week. The Ladies' Aid society will hold a business meeting at the church Saturday at 4 p. m. A full attendance is desired.

LEADERS CONFER.

DEMOCRATIC CONFERENCE IN NEW YORK.

DISCUSSION KEPT SECRET

PLANS FOR HARMONY IN THAT STATE ARE CONSIDERED.

BRYAN STARTS WESTWARD

OHIO REPUBLICAN CAMPAIGN OPENS TOMORROW.

New York, Sept. 7.—There was an important conference of the leaders of all factions of the state democracy today at the Hoffman house. Richard Croker, ex-Senator Edward Murphy, jr., Frank Campbell, Perry Belmont, State Senator P. H. McCarren, Corporation Council John Whalen and ex-Governor Stone, of Missouri, who looked after the interests of the national committee in his capacity of chairman of the sub-committee of that body, were present.

The conferees were pledged to secrecy and about all that any of them would admit was that an earnest and partially effective effort had been made to secure harmony. Justice Earl, of Albany, was mentioned as a gubernatorial possibility. Senator Murphy said that he and Senator McCarren had visited Hugh McLaughlin today, but declined to say what had been discussed beyond the statement that harmony was practically assured.

He said that the national committee would co-operate with the state committee in the campaign.

TO OPEN OHIO CAMPAIGN.

Cleveland, Ohio, Sept. 7.—All arrangements have been completed for the formal opening of the presidential campaign in Ohio at Youngstown tomorrow afternoon. It is expected that fully 35,000 visitors will be present. Arrangements have been made by the Erie railroad to carry 3,000 people from this city to Youngstown to attend the meeting.

Among the speakers will be Senators Depew, Foraker and Hanna, Governor Nash, President Schurman, of Cornell university, and others.

The parade will start at 1 o'clock, at the conclusion of which the meeting will be held at Wick park.

MR. BRYAN STARTS WEST.

Cambridge, O., Sept. 7.—W. J. Bryan left Wheeling for Chicago at 7:30 this morning. He had endeavored to keep his route a secret, but at Cambridge there was assembled a crowd of several hundred people, who demanded a speech of the candidate.

Mr. Bryan spoke for three minutes, confining himself to the trusts along the same lines he has used in former speeches.

He said that no one could expect remedial legislation from the republican party which depends to a large extent upon these combinations for campaign contributions.

He said that if the workingman did not know how to vote in order to hurt the trusts, he should watch the way the trust magnates voted and then vote the other way.

He was cheered and applauded during his remarks.

GERMAN CATHOLICS TO MEET.

Dubuque, Ia., Sept. 7.—President Nicholas Gonner, of the Central society of German Catholics, announces that all arrangements are completed for the annual meeting at Peoria, Ill., beginning on Sunday next. The principal address will be delivered by Bishop Spaulding. At least 10,000 people are expected to participate in the parade Sunday. The society has a membership of more than 50,000 and is considered the most influential organization in the Catholic church in the west.

CHIEF STONED TO DEATH.

North Yakima, Minn., Sept. 7.—Chief Illowahe, an aged medicine man and chief of the Yakima tribe, has been brutally stoned to death in his tent by an Indian named John. He had been called on by John to save his child, which was sick. The old doctor went through the usual barbarious formalities as best he could, yet the child died. The father then went to the medicine man's tent and stoned him to death.

POLICE NOTES.

Officer Goeglein was last evening called to Garden street to quell a family disturbance. No arrests were made.

A bunch of keys left at the police station can be had by the owner calling there and identifying property.

A big plate glass was broken in the front of the Swift cigar store about 1:30 this morning by some young bloods who were having a hilarious time. The young men settled the affair by agreeing to pay for a new glass.

TO CLEAR THE SIDEWALKS.

There has been much complaint made to the police and other city authorities about the space occupied by fruit stands, bootblacks, etc., on Calhoun street on the Sabbath. Some time ago an order was issued prohibiting bootblacks from placing their chairs on boxes on Calhoun street on Sunday, but no such order was made as to fruit stands. Complaints have become more frequent about these stands, however, and an order preventing the stands from occupying the sidewalks on Sunday may soon be made.

GIRL WILL STAY WITH MOTHER

LITTLE ONE CLUNG TO HER PARENT IN COURT.

Marie Fredrica Pieper Was Not Given to the Board of Children's Guardians—Notes.

A. H. Bittinger, representing the board of children's guardians, was in the circuit court this morning making an effort to secure for the board the custody of little Maria Fredrica Pieper. The mother and father of the little girl, who is 8 or 9 years old, have separated, but both were in court. Two boys had already been given into the custody of the board of guardians, but the mother's heart clung to her little daughter and the child, too, tears streaming down her sun-browned cheeks, nestled in the lap of the mother. Judge O'Rourke heard the evidence and suggested that inasmuch as there was apparent so much love in the hearts of each for the other he would not at the present time give the child to the board. The mother would be given another chance to take care of the little one, and if, later, Maria was not properly cared for, he would give her into the custody of the board of children's guardians.

NOTES.

Judge O'Rourke has fixed September 15 as the date on which the writ in the impeachment proceedings against Prosecuting Attorney E. V. Emrick shall be returnable.

Charles Carey entered a plea of guilty to a charge alleging securing money under false pretenses and was sentenced by Judge O'Rourke to serve from one to seven years in prison. Carey was also charged with forgery.

The case of Kappell et al. vs. Kappell et al. has been set for trial in the circuit court on October 20.

A COOL HEAD.

W. A. Braun, the well known electrician, had a narrow escape from serious injury while driving on West Washington street this morning. A boy driving in the opposite direction collided with Mr. Braun at the corner of Harrison street, and Mr. Braun's rig was overturned. He was thrown out and his horse, becoming frightened, started to make things lively with his heels. Mr. Braun pluckily held on to the reins and after being dragged about fifty feet succeeded in controlling the horse. A serious runaway was narrowly averted by Mr. Braun's presence of mind.

BROKE HIS NOSE.

Walter Jones, a young man residing on Hoagland avenue, had his nose broken at the Lakeside bathing resort on Thursday afternoon. The lad was "shooting the chutes" and fell from the elevated slide to the walk on the bathing pool. Two of his front teeth were knocked out by the accident. Dr. C. H. English attended him.

CARRIERS ELECT.

Detroit, Mich., Sept. 7.—The National Association of Letter Carriers today re-elected the following officers: President, John N. Persons, New York; vice president, M. F. Finnan, Bloomington, Ill.; secretary, Edward J. Cantwell; Brooklyn; treasurer, Alexander McDonald, Grand Rapids, Mich.

TRIED TO ESCAPE

FILIPINO PRISONERS MAKE A DASH FOR LIBERTY.

CONFINED IN BILIBID PRISON

OVERPOWERED THE NATIVE GUARD

THEN FOUGHT THE AMERICANS

DESPERATE COURAGE OF THE LEADER.

Washington, Sept. 7.—Manila newspapers just received at the war department give details of a desperate mutiny among the native prisoners in Bilibid prison, which resulted in the death of four and the wounding of fifteen of them.

The report states that the outbreak came without the slightest warning.

The commandant and other officials of the prison were going about their duties on a hot summer afternoon, the 16th of July last, when a little wizened Filipino, serving a life term, assumed a crouching attitude and began to creep up behind a native foreman, giving utterance to a low growl like a wild beast.

The effect was electrical on the other convicts. In an instant the muttering had grown to a wild roar and every prisoner was making for the keepers with murder in his eye. The senior captain of the native guards, when he commanded the mob to disperse, was slashed across the back of the head with a bolo. Then the infuriated men started for the gateway of the prison to overpower the guard and escape.

They were met by Major Rogers, the commandant, and a small portion of the guard, who fired a volley into the ranks of the fugitives. Three men fell and this seemed to check the prisoners for an instant, but their leader, a Filipino of the most desperate type, urged them on. Though already wounded by the first fire, his spirit was unbroken, and four times the rifles spoke before he fell.

Then like rats in a trap the prisoners tried first one gateway and then another, and very probably would have overpowered the small guard and made their escape had not American prisoners themselves come to the rescue and helped to capture the fugitives.

A few more volleys from their reinforced pursuers and the prisoners scurried to their quarters in abject terror.

GRAFTERS WILL BE LOCKED UP

SUPERINTENDENT GORSLINE IS AFTER THEM.

Will Not Be Given an Opportunity to Rob Fort Wayne Visitors Next Week.

Superintendent of Police Gorsline has determined that there shall be no "grafting" in Fort Wayne during the U. V. L. encampment next week and the light-fingered gentry will have tough sledding if they visit this city. He will have the assistance of Captain Stoll and other Pennsylvania detectives and as soon as a pickpocket, thief or grafter is located or a suspicious character noticed loitering about in the crowds he will be arrested, locked up and held until after the encampment and possibly until after the races. Detective Caling has already placed under arrest Frank McCulloch and Frank Thompson, two suspicious acting men, who have been at the Rich hotel. They were arraigned in mayor's court this morning on a charge of vagrancy. Mayor Scherer sent them over to serve sentences in jail. The local police have tips on "grafters" who are bound for Fort Wayne and they will be in jail before they have an opportunity to work the Summit City's guests next week. Crooks generally have a holy horror of Fort Wayne and most of them will give the city a wide berth.

A. T. Rank, of Cavette, O., is seriously ill with typhoid fever at the home of his cousin, Dr. J. W. Knahell. The young man has been visiting in the city for a few days on his way to the college at Angola, and his condition is now regarded as critical. His mother, Mrs. J. C. Rank, has been summoned from Cavette, and will be at the bedside of her son this evening.

SHADOW OF DEATH

PROMINENT FORT WAYNE LADY CALLED FROM EARTH.

MRS. G. E. BURSLEY NO MORE

EXPIRED AT MOUNT CLEMENS THURSDAY AFTERNOON.

DEATH IS DUE TO PARALYSIS

OTHER DEATHS AND FUNERALS IN FORT WAYNE.

Mrs. Gilbert E. Bursley, of this city, died Thursday afternoon at Mount Clemens, Mich., where she had gone two months ago in the hope of restoring her failing health. News of her demise did not reach the city until about 7:30 o'clock last evening, and it is a most profound shock to countless friends, for Mrs. Bursley was widely known, universally esteemed and of the noblest type of womanhood.

Mrs. Bursley was in feeble health for several months before her departure for Mount Clemens, suffering apparently from rheumatism. Within a short time after her removal to Michigan symptoms of paralysis developed, and but little later loving friends were pained by the realization that creeping paralysis was unmistakably attacking the already enfeebled constitution. Mrs. Bursley's critical condition has been fully realized by her husband and sons, who have for weeks been constantly at her bedside, and anxious friends in this city have been prepared for the sad announcement which came last evening.

Mrs. Bursley was about sixty-one years of age and was born at Providence, Rhode Island, where, previous to her marriage to Mr. Bursley, in 1876, the greater part of her life had been spent. In addition to the husband, there are two surviving sons, Joseph and Philip. Mrs. Bursley's residence in Fort Wayne, dating from her marriage, has been from the first a benediction to all within the wide circle of her acquaintance and her noble influence. Aside from her admirable home life Mrs. Bursley found the time and the inclination to participate actively in other work of an elevating and philanthropic nature.

The beneficent efforts of the Relief Union appealed most strongly to her charitable, helpful nature. She was for twelve years recording secretary of this organization, and later its corresponding secretary, giving the relief work constantly the assistance of her active support and advice. She was a charter member of the Morning Musical, a member of the Woman's Club League and of the Fort Wayne School of Art, in all of which she had served in an official capacity. Here was distinctly a helpful life, and charity, literature, art, music and the home have each been sustained and strengthened beyond measure by her kind words, cheerful spirits and tireless efforts.

The remains will reach the city at 8 o'clock this evening over the Wabash and will be taken to the residence. The funeral announcement will be made later.

RIEDEL.

George Riedel, who for the past nine years had held the position of watchman at the Allen county jail, died Thursday night at his home, 229 Force street, from stomach trouble, after a prolonged illness.

Mr. Riedel was a native of Germany, and had reached the age of sixty-three years, eleven months and three days. In early manhood he had learned the trade of a carpet weaver, but retired from that business some years ago. The surviving children are John, Christ, Charles and George Riedel, Mrs. Hatch, Mrs. Kanne and Mrs. Blank, of this city, Mrs. Selking, of Adams county, and Mrs. Brounner, of Logansport.

The funeral services will be held Sunday afternoon at 2 o'clock from the residence and at 2:30 from Zion's Lutheran church. The interment will be at Concordia.

LIVERGOOD.

Charles Livergood, the little son of Mrs. Louisa Livergood, died at 11 o'clock this morning at the family residence, 15 Harrison street, at the age of six years. Death was due to typhoid fever, following an illness of nine days.

The funeral announcement will be made later.

FUNERAL ANNOUNCEMENT.

Anderson.—Funeral services of Albert Anderson will be held Sunday afternoon at 2 o'clock from the residence, 300 East Washington street, and at 2:30 from St. Paul's Lutheran church.

Gould.—Funeral services of Theodore Hopkins Gould will be held from the residence, 86 West DeWald street, Saturday afternoon at 2:30 o'clock.

FOLLOWERS MEET MRS. EDDY.

Concord, N. H., Sept. 7.—In response to a special invitation extended by Mrs. Mary Baker G. Eddy, founder of the Christian Science movement, about forty leading members of the faith gathered at the Christian Science hall here yesterday. Mrs. Eddy occupied a position on the rostrum, and in opening her remarks, said: "I have invited you here for no special purpose except that I want to see you."

Then she stood while she talked for forty minutes on topics of interest to her hearers, and largely on the exposition of Biblical points. At the close of her address she invited all those present to remain until today and enjoy the hospitality of the city.

Mrs. Eddy was in good voice, her skin was clear and her eye bright. She stood for forty minutes and did not seem to be at all fatigued, an indication that she is a remarkably well preserved woman for her years.

INSANE PATIENT GARROTTED.

Detroit, Sept. 7.—Lulu Torbenning, an insane woman confined in the Wayne county asylum, today garrotted another female insane inmate named Rebecca Tiernan, causing her instant death. The murderess tore a portion of her clothing into strips and then looped it around her victim's neck, choking her to death almost instantly. The tragedy was discovered by a nurse making her rounds, and the murderess was still pulling the cord when discovered.

WILL BUY OUTOMOBILES.

Detroit, Sept. 7.—At a meeting of the executive committee of the national Association of Street Railway Employes held here today President Mahons was instructed to draft a plan by which the local unions are to be assessed for raising a fund with which to purchase automobiles for use by the street railway men in cities where street railway men strikes are in progress.

ARRIVED TOO LATE.

F. L. Jones, state superintendent of public instruction, arrived in the city from Huntington to attend the Allen county teachers' institute. Mr. Jones had made a miscalculation in dates and arrived after the close of the session. He is out making a tour of the state attending the county institutes.

J. H. Snook has made a thorough canvass of the families of the Third Presbyterian church in the interest of foreign mission. He secured ten shares of $1 each in a missionary library of sixteen volumes to be in charge of the Woman's Missionary society, and to be accessible to the members of that society and also of the Christian Endeavor society. This will be a most valuable aid. At his suggestion steps have been taken for the organization of a men's missionary society. He also secured subscriptions to Woman's Work for Woman, Assembly Herald and Over Sea and Land. He goes from here to Ossian.

HERE WEDNESDAY

GOVERNOR MOUNT FIXES DATE OF HIS ARRIVAL.

RUSHING THE PREPARATIONS

FOR THE VETERANS' ENCAMPMENT NEXT WEEK.

GEN. SUMAN GRAND MARSHAL

COMPANY D TO BE EQUIPPED AT ONCE.

Gov. James A. Mount will be Fort Wayne's guest two days during the national encampment of the Union Veteran Legion next week.

This morning Capt. A. H. Dougall, secretary of the committee on invitations, received from Governor Mount the assurance that the executive would reach Fort Wayne next Wednesday forenoon. He will come by way of the Wabash, and it is expected that at least a part of his staff will accompany him. The governor will doubtless participate in the annual parade of the Veteran Legion on Wednesday, and on Thursday he, in company with Col. W. J. Bryan, is to review the parade of the Spanish-American War Veterans.

GRAND MARSHAL CHOSEN.

The local committee of the Union Veteran Legion has chosen Gen. Isaac B. Suman, of Valparaiso, Ind., to be grand marshal of the annual parade on Wednesday. General Suman is mayor of Valparaiso, and was formerly colonel of General Lawton's first regiment, the old Ninth Indiana volunteers. He will choose two assistant marshals from this city, and to them will be delegated many of the minor preliminaries of the big pageant, which is expected to eclipse any military demonstration ever held in this city.

TO EQUIP COMPANY D.

Company D, of the Third regiment, mustered into the Indiana National Guard a few weeks ago, will be fully equipped in time to participate in the exercises of next week. This is the new company in command of Capt. O. C. Meyer, and is the only Fort Wayne infantry organization in the state militia at present. Charles E. Wilson, the governor's private secretary, notified the committee this morning that the equipment would be forwarded without delay. A portion of the uniform is already here, and that which follows comprises guns, belts, bayonets, campaign hats and leggins.

WORK ON DECORATIONS.

Dozens of active committee members are flying about attending to countless little details that yet remain to need attention, and a spirit of enthusiasm pervades every working force. The Glendon Decorating company has a force of drapers at work upon Library hall, where the business sessions of the national encampment are to be held, and it is expected the decorations here will be completed today. Tomorrow morning the work along eight squares of Calhoun street will be commenced, and later Princess Rink is to receive attention.

Some few of the business houses in the down town section have already begun to brighten up as a greeting to the veterans, but the committee urges that every establishment exercise a pride in this matter so that the decorations may be not only extensive but artistic.

The general committee held a meeting at the headquarters in the Arcade and devoted its attention to caring for some of the detail arrangements for the big gathering.

MARRIED AT WAWASEE LAKE.

Ligonier Banner: "Miss Helen Marsh, of Indianapolis, and Mr. Charles Woods, of Fort Wayne, both of whom are well known in Ligonier, were united in marriage at 8:30 Wednesday evening at the Oaks, Wawasee lake, the summer home of the bride, Rev. Goodman, of the St. James Episcopal church, of Goshen, officiating. Miss Marsh is an accomplished young lady and formerly resided at Kalamazoo, Mich. Mr. Woods is a graduate of the law department at the Indiana state university and is in the insurance business. He is a son of Milton Woods, the well known Wawasee lake farmer."

DOG RESCUES DROWNING BOY.

St. Louis, Sept. 7.—Orrie Trottler, the three-year-old son of Mr. and Mrs. C. William Trottler, of No. 5003 Maple avenue, was saved from drowning yesterday by a St. Bernard dog. The boy was in Forest park with his mother and aunt, who sat on a park bench near the bank of the lake, while the little toddler played around them. When Jacob Hammer appeared with his St. Bernard, the child's cup of happiness was full, especially as the dog would jump into the water and retrieve the chips the little fellow threw therein. In his play the boy fell into the lake. The water was not deep here, but his kicking and floundering soon carried him well out of the reach of the distracted mother and aunt. Their cries attracted the attention of Mr. Hammer, who was reading at the time. Turning to the St. Bernard, he said:

"Go after him, Debbs. Bring him out."

The animal took the water in a jump. Gripping the dress of the child about the waist, the dog swam toward its master. Orrie was scared and struggled and cried. At last the shore was reached, and, climbing up the bank, the St. Bernard laid his charge at the feet of his master. Mrs. Trottler and Miss Ellison, the aunt, rushed up and grabbed the child; then they turned and embraced the dog, but at a whistle from his master "Debbs" broke away from their caresses and bounded after Mr. Hammer. The bystanders who had witnessed the rescue lustily cheered the man and his dog.

FORT WAYNE MEN HONORED.

The Indiana Pharmaceutical association has honored Dr. W. O. Gross and C. B. Woodworth, of this city, by their appointment as members of the committee on legislation of that body. The other members are R. I. Eads, of Indianapolis; J. N. Hurty, of Indianapolis, and A. Timberlake, of Indianapolis. The appointment was made today by the state president of the society, E. Messienur, of Laporte.

CLOSE COTTON MILLS.

Manchester, Eng., Sept. 7.—At a meeting of the cotton spinners here today it was decided, practically unanimously, not to purchase American spot cotton during the month of September. Four-fifths of the employers in the trade were represented. It is anticipated that the decision will lead to the closing of scores of mills for several weeks.

Guy Straub, of Lake View, Mich., is in the city, the guest of Mrs. William Sites, of East Jefferson street.

In the first half of the present year one of the London banks made a profit of $1,850,000 and another cleared over $1,200,000. Three more ranged from $1,150,000 down to $650,000, the smallest figures being equivalent to $1,300,000 in a year, or 10 per cent. of $13,000,000. Banks that do as well as that are scarce in the United States. At least 10 English banks, not including the Bank of England, made profits of more than $400,000 apiece in the first half of the present year, and they averaged about $800,000.

CENSUS BULLETINS.

Washington, Sept. 7.—The census bureau announces the population of the following cities:

SESSION IS ENDED

COUNTY TEACHERS' INSTITUTE CLOSED AT NOON.

WEEK WAS VERY PROFITABLE

MISS LOGAN HEARD ON READING AND NUMBER.

DR. BROWN ON LITERATURE

CLOSING INCIDENTS OF THE BIG GATHERING.

At noon today came the final adjournment of the Allen county teachers' institute, which since Monday afternoon has been holding its sessions at the West Jefferson street Church of Christ. In declaring the meeting at a close, Superintendent Young took occasion to express his gratification at the marked success that had attended the sessions. The attendance has been very large and the interest good throughout. He expressed the belief that the teachers of Allen county have been vastly benefited by their association together and by the instruction given them during the past week. Dr. Brown and Miss Logan, who have been the principal lecturers of the week, left at 12:20 for their homes, the former at Richmond and the latter at Cincinnati.

TALK ON LITERATURE.

Dr. Brown's last appearance before the institute was in a talk on literature, or, more properly, upon the appreciation of literature, and he read a portion of "Snow-Bound" to illustrate the points presented. "There are three points," said Dr. Brown, "which govern the appreciation of good literature. First, understanding; second, emotional response, and third, the impulse to activity." Dr. Brown took the position that in teaching literature care ought always be given to the nature of the work assigned. He thought it quite impossible to accomplish good results by giving pupils work in literature which they were entirely unable to grasp, and were forced to learn in merely a mechanical manner. For instance, the boy or the girl of ten or twelve years, bubbling over with youthful spirit, can never at this age grasp the emotional appreciation Largely in some of the higher grades of literature. This faculty of appreciation they can only grasp after having passed through some of the severer phases of life. I mean by this, to commend that there are at all ages beauties in literature that pupils can get and other beauties they should not be expected to get. They will grasp it later, and the final result is an impulse to activity that comes from the influence of a pure home. And in after life those mind pictures of the home will still be exerting their salutary influence upon that character."

Here Dr. Brown read Riley's "Out to Old Aunt Mary's" as a pure specimen of the literature the child can know and appreciate, for it breathes the home and the farm and the play he knows by heart. He can appreciate and understand all save the latter verse of this touching life melody. It is simple, objective and appeals to memory. But not until Jim's head is bald and Tom's is gray will they appreciate the full significance of the last verse.

NUMBER WORK.

The closing on the program was that of Miss Logan, who in the brief time allotted to her took up number work. Miss Logan said in part: "In this day the spirit of economy pervades ever interest, and it is found also in the school room. We must have a system, an aim to get the most out of the time at our disposal. In school it is important to utilize every educational possibility of the child. We should introduce the children to every side of a subject. This is the day of evolution—not revolution, and the "three R's" of our fathers are just as important today as they ever were.

"Nature conforms to mathematical laws. Real arithmetic is vital, and in its study we do well to know all we can concerning the psychology of number. When the child begins the study of arithmetic he enters a new realm. In the consideration and computation of all numbers there is first abstraction, then generalization, then analysis and finally synthesis."

Miss Logan pointed out objections to some of the mechanical objects used for the teaching of number in the schools as likely to detract the pupil's mind from the real subject at hand. "The new methods are all right, but the objects must not be too varied. On the other hand is the monotony of the old-time school room with nothing to relieve its gloom. The mechanical teacher will find it necessary to change objects often. Before the child enters school its young mind has grasped an interest in weights, time, distance, area, etc., and these are but carried to a greater development in the study of numbers. I would advise getting accurate and rapid work in the first grades rather than the attempt to juggle with large figures."

In closing Miss Logan expressed her pleasure at having been permitted to address Allen county teachers, and she asserted that the institute, which closes her summer work in this line, had been one of the very best she had attended.

PROF. NEET'S ADDRESS.

Prof. G. W. Neet, of the Valparaiso normal school, who spoke Thursday afternoon, was heard with much interest. Among other things Professor Neet said the great necessity is for right training in the school as well as in the home. Teachers find their labors manifold and exhausting. They must, if they do what is demanded of them and what they should do, be ready to always encourage and sympathize. Indeed the work of the teacher, especially in the country, is often that of a Jack of all trades. During the period of adolescence, the time when the average teacher is performing the duties of that profession, is the time when unfortunately he generally lacks sympathy. He finds it more difficult to enter into the life and understanding of his pupils then, than in later years. The work of teaching falls into two distinct divisions, government and teaching. By the first is meant the ability to keep things running without friction. The other is to lead the pupil to reach forward and upward towards the things which shall add to his knowledge and judgment. One strong characteristic of government is to be able to be a master of circumstances at all times. Sometimes a teacher will undo in five minutes all that has been built up in six months' work.

TO OPEN BIDS.

The council committee on printing will meet in the city clerk's office this evening and open bids for the new book of city ordinances. The book will be an immense volume of 600 or 700 pages.

REVIEWERS NAMED.

The county commissioners this afternoon appointed the following reviewers on the Girard ditch, in Jackson township: Henry Scheppelmann, James Sorgen and George Crabill.

COMMISSIONER'S COURT.

The county commissioners were today considering ditch business. The state line ditch in Monroe township, this county, and in Harrison township, Van Wert county, was established, as were also the Null ditch and the Whitney ditch, both in Jefferson township. A remonstrance was filed against the Girard ditch in Jackson township and Joseph Tonkel, Dayton S. Trease and Michael Fritz were appointed viewers on a ditch in Eel River township, petitioned for by James Gump.

TO PLAY FOOT BALL.

The city foot ball eleven has been organized by a number of Fort Wayne's best foot ball players and the first practice will be had tomorrow afternoon in Lakeside. George Heckman is captain of the city eleven and has already scheduled for this fall sixteen games, six of which will be played in Fort Wayne. The first game will be played next Wednesday at League park with a picked eleven.

Mrs. William Sites and Miss Bessie Mae North, of this city, attended the funeral of Mrs. Bowser Straub at Huntertown yesterday. The deceased resided in Lake View, Mich., and was visiting in Huntertown.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement.

"We regard it a great tonic and blood purifier."—J. P. DUFF, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

Rev. Ignatius Perius, of St. Mary's college, Kentucky, who has been visiting Prof. A. F. Didier, returned home today and is accompanied by the son of Mr. and Mrs. Frank Voirol, who will enter the college.

OBITUARY.

Nathaniel Fitzsimmons, a prominent and respected Allen county citizen, who died at his home near Huntertown Friday, August 31, after a brief illness, was born in Washington county, Pa., August 24, 1828, and he had therefore reached the age of seventy-two years and seven days. Three years after his birth Mr. Fitzsimmons' parents moved to Holmes county, Ohio, where he grew to manhood. In 1850 he joined the gold-seekers flocking to California, locating in Eldorado county, that state. Five years later he was united in marriage to Miss Sarah D. Carpenter and in 1866 the family returned to the east, locating in Allen county, which has since been his home.

Surviving Mr. Fitzsimmons are the wife and five children, Mrs. C. A. Pfeiffer, Mrs. Joseph Whetsel, and Miss Lucella Fitzsimmons, and Arthur and George Fitzsimmons. The deceased was an upright citizen, an indulgent husband and father, and enjoyed to the fullest extent the esteem of all who knew him. The funeral services were held from the residence Sunday afternoon at 2 o'clock, conducted by Rev. W. E. Murray. The interment was at the Perry cemetery.

A REFORM IN BUILDINGS.

The "Little Red School House," of former years is fast being displaced by more modern structures, better adapted for the work of teaching and training the youth of our land. Great changes have been made in public architecture, and the building of today is as far in advance of that of former days, as the college is of the public school.

Not only has advance been made in public school architecture, but Sunday school architecture has also made rapid strides. Instead of "trucking" the Sunday school away in the cellar, or some other out-of-the-way place, the church is beginning to realize that in the Sunday school is the future church, (as 85 per cent of its additions come from the Sunday school), and that it is entitled to better quarters and more modern conveniences. Consequently there has been a reform in church architecture, and they are now being built with some thought of the Sunday school. The Sunday school building of today is one that can be easily thrown into the church auditorium by sliding doors; built with a gallery, having class rooms up stairs and down, and so arranged that the platform of the superintendent can be seen from any section of the room. This Sunday school architecture is one of the outgrowths of the International Sunday school convention, which through its various conventions, suggests methods and plans for upbuilding and strengthening the Sunday school work of the whole country. The general secretary of the international convention, Mr. Marion Lawrence, Toledo, will, upon application, furnish circulars explaining the work in detail.

BUILDING PERMITS.

Clerk A. M. Schmidt, of the board of works, has issued the following building permits:

Emmett Martin, two-story frame residence on Lanternier street; cost, $1,200.

L. F. Curdes, two dwellings on Walton avenue; cost, $2,000.

L. F. Curdes, two-story frame dwelling on Baker street; cost, $1,500.

George F. Miller, dwelling on lot No. 14, Siemon's addition; cost, $1,800.

THE BOARD OF PUBLIC WORKS.

The board of public works last evening decided to ask the city council for an additional appropriation of $1,500 for park purposes. Assessment rolls for the vacating of the alley between lots 3 and 4, Lasselle's addition, and also for vacating the alley in St. Peter's church square, were approved.

The board ordered the Fort Wayne Iron works to build a sheet iron smoke stack thirty-five feet long and place it in position on top of the brick stack at the crematory. This was required to properly burn the two retorts at the same time.

Richard Olney and William M. Wilson are back. It now seems to be up to Mr. Cleveland.

While the balance of the powers are now ready to follow Russia's lead and get out of China, there is doubtless a very general hope that the Muscovite will keep faith with himself and go, even if he has to go alone.

Those who believe that Secretary Gage has finally disposed of Hon. Carl Schurz ought to be informed that Mr. Schurz is quite at home in frays of the sort; is one of the country's best dialecticians, and besides all that, he never gives up when he thinks he is right. Finally, Mr. Gage is not equal to the job of putting Carl Schurz on the shelf.

Mark Twain does not enjoy traveling. It seems that when asked about a recent voyage, he replied: "I do it for the sake of my family. If I had my way, I'd settle in one spot and never move. In fact, I can't understand how any writer can be persuaded to move of his own accord. Old Bunyan was in luck when they threw him into prison. If I had been in his place they'd never have got me out."

It half a century Russia has acquired by various steps about 500,000 square miles from China, ending with the present possession of Manchuria, and in this period Russia is the only country which has, up to this year, never fired a shot on Chinese soil. England, France and Japan have made war a clumsy step followed by no serious acquisition of territory by any one of them. Russia has never made war. Russia, instead, has peacefully "absorbed," and entire provinces, kingdoms in area, have been shifted from one side of the Russo-Chinese boundary line to the other, with the amiable consent of mandarins on whom Russia has always known how to bring the joint pressure of corruption and fear.

Says Mr. Olney: "I need hardly say that Mr. Bryan is not the candidate I should choose, could I have my way in the matter." That is all right, Mr. Olney. There is more than one indication that the democratic party will be pleased four years hence to give your candidate very serious consideration. Mr. Bryan declares that if elected he will not allow himself to be considered for a second term and the democrats of the country have an extremely high and increasing regard for a Bay state gentleman of your own name.

Lincoln, in Nebraska, like Omaha, in the same state, is shown by the late census returns to have fallen off heavily in population as compared with 1890. The people of Lincoln say the unfavorable showing is due not to any actual loss of population, but to the fact that ten years ago the wish to pose as a "big city" led to wholesale stuffing of the census returns. Omaha did the same thing and suffers the disagreeable repute of having gone backwards, though it is undoubtedly true that Omaha and Lincoln as well are both actually greater in population now than ten years ago. The people in those cities will doubtless realize that the sharp practices of 1890 did not pay. It is a good thing for no city to even seem to have deteriorated.

In the death of Mrs. G. E. Bursley Fort Wayne loses one of her foremost women. Mrs. Bursley was interested in everything that was calculated to benefit mankind. She never worked for self-glory, but her only aim seemed to be to help some one. She was active and useful in various societies which had for their purpose the betterment of the condition of the unfortunate and distressed. She was a positive force in the intellectual life of Fort Wayne and the progress of true culture in this city has been much indebted to her intelligent and serious labors. Mrs. Bursley will be sorely missed from her wonted circles and many who have been benefited by her life will mourn the loss of a true friend as the community will feel the loss of a noble and unselfish woman whose life exemplified the highest type of American womanhood.

FRAUD ORDER ISSUED.

Washington, Sept. 7.—The postoffice department this morning issued the following:

"A 'fraud order' has been issued by the postoffice department against the American Teachers' Agency; the American Civil Service College, L. D. Bass, manager, R. M. Hines, secretary and treasurer, L. D. Bass and M. R. Hines, individually, all of Washington, D. C., directing the postmaster at Washington to return to the writers stamped 'fraudulent' all mail matter arriving at the postoffice for either of these parties or concerns, and forbidding the payment of any money orders drawn to their order. This action was the result of an investigation by the postoffice department which showed that these parties, under their own names and those of the concerns above mentioned, were using the mail for obtaining money from teachers throughout the United States, and from those desiring to make preparation for civil service examination, by means of false and fraudulent pretenses, representations and promises. This scheme was a revival of the one operated by L. D. Bass some time ago under his own name and that of the Union Teachers' Agencies of America, the bureau of civil service instruction, etc., against which 'fraud orders' had already been issued."

WHY OLNEY SUPPORTS BRYAN.

The following is the full text of the letter written by former Secretary of State Richard Olney to Henry Loomis Nelson, of New Rochelle, N. Y., wherein Mr. Olney sets forth the reasons why he will support Mr. Bryan for the presidency:

Boston, 23 Court Street, Aug. 14. —Dear Sir: I have yours of the 12th ult. You refer to a previous conversation in which I had intimated my intention to vote the democratic ticket at the coming presidential election and ask for the grounds for so doing. You urged at our interview that such a decision should, as a matter of duty, be accompanied by a willingness to avow the reasons behind it. I recognize the force of that view, and, though it is against my inclinations and habits, I proceed to state some considerations which seem to me to justify the purpose I have formed.

I need hardly say that Mr. Bryan is not the candidate I should choose could I have my own way in the matter and that I entirely dissent from parts of the Kansas City platform. But in laying his course upon the all-important subject of the presidency a citizen is bound to bear in mind that he is dealing with a practical matter and must seek the best practical results through such legitimate methods as are available. Parties cannot be ignored, for example, because ours is a government of parties; the real issue is which of them shall control, and individual effort independent of party must at best be abortive, while it may further the success of the worst party in the field. So the choice between the parties, one of which must certainly prevail, calls for the exercise of the same sound common sense.

EVERY CITIZEN SHOULD VOTE.

Perfection in a candidate or platform is an idle dream, and infirmities in its creed and defects in its leadership will always characterize every party. But they in no wise excuse a citizen from taking his assigned part in the government of the country—from making up his mind what the common weal demands and what party's success will come nearest satisfying the demands and from using his influence and casting his vote accordingly. If one citizen may properly withhold his vote, logically all may, and all the wheels of government be stopped, while to decline voting because practically assured that others will vote is but to give the latter an undue share of political power and to forfeit the right to complain of any abuse of it. The obligations of citizenship are avoided, not performed, by standing neutral in an election. The voting power is a trust which calls for use and is violated by the neglect to use.

There is always a choice between the consequences of one's party ascendancy and those of its opponent, and therefore the true question before every citizen always is of the general attitude of a party upon the vital issues of the day and whether, in view of that attitude, its success is not the best thing in sight. Such is the real issue now confronting every American citizen. Be it admitted that the democratic party, its platform and its candidate are open to much just criticism, yet, all things considered, would not its triumph be the best outcome of the present presidential contest?

URGES FIGHT ON M'KINLEYISM.

In my judgment nothing is so important as that the American people should take this, their first, opportunity to emphatically protest against that excrescence upon original republicanism which may be called McKinleyism—a term used solely for brevity and not because Mr. McKinley is largely responsible for what it comprehends except as he has proved himself unable or unwilling to resist the pressure of political and personal friends or to withstand the temptation of trimming his sails to every end of apparently popular doctrine. It may not be feasible to undo what has been done—the weakest and silliest of administrations may involve the country in difficulties from which the strongest and wisest may not be able to extricate it. Nevertheless, the evil course pursued should be condemned and not condoned.

The future may be helped and safeguarded even if the past is remediless, while so far as the injurious consequences of past courses can be averted or mitigated, something may be hoped from those not primarily responsible for them.

From their official authors and justifiers nothing but persistence can reasonably be expected and, should McKinleyism prevail in the pending election, who shall say—in view of the administration's proved capacity for reversing itself—that we shall not soon find ourselves in the toils of a Chinese problem even more costly, menacing and insoluable than the Philippine problem itself. Surely every argument urged in defense of our seizure of the Philippines can be used a second time with even greater force to justify our appropriation of a slice of China.

ARRAIGNS PRESIDENT'S ACTS.

To support the conclusion to which I have come it is only necessary to consider what McKinleyism stands for—what is the necessary effect of indorsing it—what it will mean if the American people now solemnly record themselves as approving the McKinley administration and all works.

1. It will mean that the American people sanction a syndicated presidency—a presidency got for the republican party by the money of a combination of capitalists intent upon securing national legislation in aid of their particular interests.

2. It will mean that the American people approve the legislation thus obtained and justify such legislation as the Dingley tariff bill, with all its devices for taxing consumers and wage earners—that is, the great mass of the people—in exoneration of accumulated wealth.

3. It will mean that the American people uphold the policy of greed and contempt for alien peoples whose retributive consequences are seen in recent events in China; approve of our joining the ranks of international land grabbers and sanction the rapacity as well as folly by which, while pretending to buy, we in fact forcibly expelled Spain from her Philippine possessions and without excuse either in the demands of national honor or inconsiderations of the national interest have saddled ourselves with the gravest responsibilities for some 8,000,000 or 10,000,000 of the savage or at best half-civilized brown people of the tropics.

4. It will mean that the American people approve the tactless and brutal policy pursued since the Philippine acquisition was made, whereby what was pressed upon the country as a treaty of money in our politics. Our government was not conceived or framed as a money-making machine even for the profit of all the governed, much less for the profit of particular classes or portions of the governed. Its vital principle and its crowning merit are that it stands for equal opportunities to all—that by the maintenance of order and the administration of justice it is designed to give every man a free hand in the struggle for the prizes of life. This theory of the true functions of government McKinleyism directly antagonizes. By protective tariffs, by the most intimate relations between the United States treasury and the general money market, by subsidies to particular industries, by an aggressive colonial policy and in other ways it practically holds out the government as an engine for use in the acquisition of private wealth.

The natural, the inevitable result is that the money of the country hotly pursues the control of the government as the source of more money—that the flag figures as a sort of commercial asset, replete with possibilities of pecuniary profit for its fortunate custodians. That under the influence of McKinleyism such is the unmistakable trend of things in this country at the present day, giving the aspect of a stock jobbing democracy, is only too apparent. Should McKinleyism now again prevail, for example, it will not be because it is not cordially distrusted and disliked by the great body of American electors. It will be because of the influence of the purse and of the felicitous application of an enormous campaign fund—because of an "investment scare" which, if in some measure genuine, will be in much larger measure artfully worked up for election ends. To excite the alarm of voters for their immediate pecuniary interests is easy; to evoke patriotism, courage and unselfishness required to effect serious political changes and indispensable to dislodge a party which, comparatively short intervals excepted, has been intrenching itself in the government for nearly forty years, is infinitely more difficult.

LESSER OF TWO EVILS SHOWN.

If the success of the republican party next November means all that I have stated—and how can it mean anything less?—but one conclusion seems possible. The calamitous possibilities said to inhere in democratic success in the ensuing election, exaggerated as they are by partisan zeal and subsidized ingenuity, are outweighed by certainties of mischief involved in four years more of McKinleyism. Stock exchange panics, often made to order, generally irrational and now freely predicted by those who know how to make their predictions good, are sure to profit by whatever caprices the market may indulge in, are as dust in the balance compared with the enduring evils to result from the vicious national policies which the American people are now desired to impress with the zeal of their favor and to thus perpetuate indefinitely.

In the defeat of the republican party in the coming election lies the only hope of the reversal of those policies and of the beginning of a return to more wholesome conditions. Such a defeat would be all the more significant and emphatic because obviously due to the co-operation of citizens in many things quite at odds with the democratic party and its leadership. And it is a defeat that should come now and not later, because not to reject McKinleyism at once tends to fasten it permanently upon the vitals of the country. For myself, therefore, I find it tolerably clear that a citizen's duty in connection with the coming presidential election not only permits but requires him to desire the success of the democratic party. Yours very truly. Richard Olney.

BIG SENSATION TURNS UP IN SALEM, MASS.

Matrimonial Affair Involves a Woman of Various Cognomens Whose Real Name is Unknown.

Salem, Mass., Sept. 7.—There is a big sensation in this city over the arrest, yesterday, of Mrs. Ethel D. Fisher, at her boarding place in Endicott street, on the charge of bigamy. It is claimed that she has been married three times during the last eight years, and that all of her husbands are living. Her first marriage was to Charles Wardell, of Beverly, on February 18, 1892, in Beverly, by Rev. Daniel L. Craft, her maiden name having been Fannie B. Hannable, daughter of Capt. Thomas W. Hannable.

Some time afterward she met Thos. A. Fisher, of Salem, and was married to him in Lynn, August 12, 1894, by N. T. Whittaker, under the name of Ethel D. Wardell. She came to Salem and resided with Fisher.

The woman again sprang into prominence through her third marriage, to Harry C. Dimond, on April 29, 1899, Eben N. Walton, justice of the peace, performing the ceremony. This time she posed as Gladys Searles.

So far as the police can determine, she was never divorced, and her husbands are alleged to be living. The case was brought into prominence Monday, August 13, when Harry C. Dimond was fined $30 in the district court for giving false statements at the time he applied to City Clerk Entwise, on April 29, 1899, for his marriage license. He gave the girl's name as Gladys Searles and his own name as Harry C. Dimond, when, as a matter of fact, his own name is Peter Irwin. May 1, 1899, the marriage was published of "Gunner's Mate Harry J. Dimond" to Gladys Searles, by Eben N. Walton, justice of the peace, on April 29.

As yet the police are unable to determine who the woman is. She is known as Fannie Hannable, Fannie Wardell, Ethel D. Wardell, Mrs. Thomas Fisher, Gladys Searles and Mrs. Harry C. Dimond. The case is one of various complications. It is expected that the woman will be charged on two counts with bigamy and on several counts of giving false statements when she secured marriage licenses.

FALLING HAIR

Save Your Hair with Shampoos of Cuticura SOAP

And light dressings of CUTICURA, purest of emollient skin cures. This treatment at once stops falling hair, removes crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Millions of Women

Use CUTICURA SOAP exclusively for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and healing, red, rough, and sore hands, in the form of baths for annoying irritations and chafings, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many antiseptic purposes which readily suggest themselves to women, and especially mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used it to use any other, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients, and the most refreshing of flower odors. No other *medicated* soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic *toilet* soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines, in ONE SOAP at ONE PRICE, viz., TWENTY-FIVE CENTS, the BEST skin and complexion soap, the BEST toilet and BEST baby soap in the world.

All that has been said of CUTICURA SOAP may be said with even greater emphasis of CUTICURA Ointment, the most delicate, and yet most effective of emollients, and greatest of skin cures. Its use in connection with CUTICURA SOAP (as per directions around each package), in the "ONE NIGHT CURE FOR SORE HANDS," in the "INSTANT RELIEF TREATMENT FOR DISFIGURING ITCHINGS AND IRRITATIONS," and in many uses too numerous to mention, is sufficient to prove its superiority over all other preparations for the skin.

Cuticura Complete External and Internal Treatment for every Humor, consisting of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA OINTMENT (50c.), to instantly allay itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A SINGLE SET is often sufficient to cure the most torturing, disfiguring, and humiliating skin, scalp, and blood humors, with loss of hair, when all else fails. POTTER DRUG AND CHEM. CORP., Sole Props., Boston. "All about the Skin, Scalp, and Hair," free.

NORTH MANCHESTER COLLEGE IN SORE STRAITS.

THE SCHOOL MAY BE CLOSED

DISSENSIONS ON BOARD AND IN FACULTY.

HAPPENINGS IN HOOSIERDOM

GENERAL NEWS OF THE STATE OF INDIANA.

Wabash, Ind., Sept. 7.—The college at North Manchester, this county, is heavily involved, and unless the friends of the institution in the German Baptist church, which controls it, come to the rescue it will be sold. The indebtedness has been carried by the trustees, who removed to North Manchester from other states to give it their personal attention. Elder David Hollinger, chairman of the board, has been compelled to sell his property to save himself and has returned to Ohio. Trustee G. B. Knepper, a wealthy farmer, has given up his interest in the institution, sold his property and moved back to Iowa, and Elder Parker, who has been identified with the college, after a thorough investigation has just issued an urgent appeal to members of the church to lift the debt and prevent the closing of the college. There has been much dissension among the board and the faculty, though the college has had 300 students each term.

REV. I. V. M'CARTY DEAD.

Anderson, Ind., Sept. 7.—Rev. I. V. McCarty, a leading minister in the United Brethren church in Madison county, died at the home of John Richmond, in this city, yesterday. Rev. Mr. McCarty returned from Wabash a few days ago, having attended the conference of his church in that city, and was given one of the most desirable appointments in the district. He has been engaged in evangelistic work for the past two years with marked success. He leaves a wife and three sons, the oldest being sixteen. About five weeks ago Rev. Mr. McCarty was poisoned by eating canned salmon and his death today is due to that cause. He was taken to Wabash against the advice of his physician, but so earnest was his desire to participate in the proceedings that his friends gave in at the last.

HE RESISTED ARREST.

Vincennes, Ind., Sept. 7.—A tragedy occurred at the Highland Catholic orphans' asylum yesterday. Joseph Hughey, foreman of the Highland farm, shot and killed John C. White, an employe. White had been drunk and assaulted the other hands and had drawn a gun on them. Hughey obtained a warrant and was deputized to arrest White, who resisted and attempted to pull his gun, when Hughey emptied a shotgun into his groin. White died an hour later. Hughey at once came to the city and placed himself in the care of the sheriff pending investigation.

INDIANA MUNICIPAL LEAGUE.

Richmond, Ind., Sept. 7.—The semi-annual meeting of the Municipal League of Indiana will be held in this city October 10, 11 and 12. The cities now on the roster are Indianapolis, Fort Wayne, Tipton, Alexandria, Aurora, Huntington, Portland, Decatur, Bluffton, Berne, Redkey, Peru, Dunkirk, Marion, Lafayette, Wabash, Elwood, Goshen, Lawrenceburg, Gas City, Columbia City, Delphi, North Manchester, Rochester, Hartford City, Crawfordsville, Muncie and Richmond.

TO PUSH PROSECUTION.

Shelbyville, Ind., Sept. 7.—The county council of Shelby county met in its regular session Thursday morning and appropriated the sum of $2,500 to further the prosecution of the parties now under indictment for using the county's funds unlawfully. They also appropriated the sum of $2,000 for prosecuting suits, if necessary, against the parties found to be delinquent by the expert's report. The salary appropriated to the truant officer of the public schools was reduced from $350 to $200.

J. C. FILLMORE DEAD.

Lagrange, Sept. 7.—The funeral of James C. Fillmore, of this county (Lagrange), took place at his late residence in Springfield township yesterday. Mr. Fillmore was a nephew of President Fillmore and was a perfect type of this once chief executive of the United States. He was nearly sixty years of age, though a man perfectly preserved. Mr. Fillmore was a democrat of the most pronounced type and always took an active part in matters of interest in the county, having a very favorable and extended acquaintance. He was born and raised on the farm on which he died.

A MONSTER CORN CROP.

Wabash, Ind., Sept. 7.—Wabash county farmers have begun cutting the largest corn crop ever grown in the county. The crop is now safe from frost, the late-planted having matured. It is believed the average yield the county over will not be far short of forty bushels to the acre, and in the bottoms, along the Wabash, Eel and Mississinewa rivers, it is thought many fields will run nearly 100 bushels an acre. The quality of the grain is the finest.

A PASTORAL CALL EXTENDED.

Elkhart, Ind., Sept. 7.—The congregation of the First Baptist church of this city has extended a call to Rev. E. H. Emett, of the Bethel Baptist church, of Chicago. He was for six years pastor of the Third Baptist church of St. Louis. Mr. Emett won distinction as a soloist in the Moody meetings during the world's fair.

ADJUSTING THE TROUBLE.

Delphi, Ind., Sept. 7.—The matter of the purchase of the Burlington gravel road is now with the county council, now in session, and if that body appropriates the money, and it is expected that it will, the road will be purchased for $1,908, the price agreed on by the appraisers. The proposition was sent to the owners of the road by the commissioners. The company will accept it at once, and it is thought that the troubles of the Burlington road will be at an end this week. It will require the expenditure of a considerable sum to put the roadbed in condition, and to replace the bridges destroyed by the mob.

LYING ON THE RAILS.

Frankfort, Ind., Sept. 7.—Shortly after 11 o'clock last night Albert Bryan was instantly killed by a Clover Leaf train, at a point ten miles east of this city. The man was lying at full length on the rails when discovered by the engineer, and made no move to escape when the warning signal was sounded. Bryan was one of the best known young farmers in the county, owning a farm near Forest. He was 34 years old and a bachelor. He was subject to heart trouble and he is supposed to have fallen helpless on the track during an attack. It is possible that he was dead before the train ran over him.

TO RACE IN WINTER.

San Francisco, Sept. 7.—The much discussed plan of Prince Andre Poniatowski, to control and conduct racing at Tanforan and Ingleside, has taken definite form. The San Francisco Jockey club has been organized with $1,000,000 of preferred stock and a similar amount of common stock. The directors are Prince Poniatowski, Charles Fair, J. J. Moore, of Menlo Park; Frank J. Carolan and Maj. J. L. Rathbone. The officers are Prince Poniatowski, president; Chas. Fair, vice president; D. L. Lynch Pringle, secretary. The new jockey club is to lease Tanforan and Ingleside for a lengthy period. Tanforan is to be formally leased today. On September 12 next a lease on Ingleside will be perfected.

SAVINGS BANK INSOLVENT.

Pittsburg, Pa., Sept. 7.—The Fifth Avenue Savings and Loan association of McKeesport, Pa., is insolvent and the Mercantile Trust company, of this city, has been appointed temporary receiver. An alleged discrepancy of $33,000 has been discovered in the accounts of the former secretary, but no proceedings have been instituted. The cash valuation of the association is $467,690.04, and the failure is the largest in the history of building and loan associations in the state. Nearly 1,700 mill workers had deposited all their savings in the concern, expecting to buy homes.

The personnel of the British navy has been increased during the past year by 4,250 men and officers.

Tailors Charge Double.

WE are after you dressy men—you who are paying tailors their prices because you want good clothes and a fit. We have put in ROGERS, PEET & Co.'s clothing for you. Those are the best clothes that good tailors can make. They are swell. There is an air and quality to them that no other ready-made clothing has. You know that,

You cannot get better cloth, for R. P. & Co. use the best cloth on the market.
You cannot get better style, because R. P. & Co.'s tailors are famous for style.
Better workmanship is impossible. Pay twice these prices to your tailor and you can get nothing better.

The only question with you is fit. You think that ready-made clothes can't fit you. Come and see. If an alteration is necessary we have tailors to make it. We will do what is needed to make the suit fit like a custom-made suit.

FOR $18 We will sell you a R. P & Co, suit, equal to any $35 suit at your tailor. Better grades up to $30. Any grade at half a tailors' prices. Fit guaranteed. Come and talk the matter over.

Wayne $3.00 Hats.

We are going to sell a $5 hat at this store for $3. We have had them made specially for us by one of the greatest makers in America. They come in the swellest fall styles. Our contract with the maker calls for the best hat that any price can buy. It comes to us under the name "Wayne Self-Conforming Hat." Our own name and our own price—$3.

Overalls 39c.

We sell at 39c exactly the same grade of overalls that other stores sell at 50c on bargain days—65c regular.

Black and White Working Shirts 39c.

The 50c working shirts of other stores are sold here at 39c. Compare them. Black and white stripes—the best possible shirts for the purpose—and a price a third less than you've paid.

EVERYTHING NEW---Every article in this store is new. The old stock that we bought went to our Wisconsin branch when the store was re-fitted. For six weeks our buyers have been selecting this stock in the eastern markets, and every new style---every fall fad is here.

WINNERS WILL ALL BE HERE

RED RIBBON RACE MEETING WILL BE A SUCCESS.

All of the Classes Have Filled and the Best Horses Will Start—A New Starter.

Will H. Fleming returned from the west this morning with a list of entries secured from the owners who have been racing in the western circuit. He landed fifty entries among them every winner of any consequence in the circuit. Mr. Connor secured entries in the east of all the big stables which had horses eligible to the Fort Wayne classes, and at the Red Ribbon meeting beginning Monday, September 17, Fort Wayne people will see the best racing in the history of local driving clubs. For the first time the winners on the western circuit will meet the winners of the grand circuit and some very fast time is certain to be made. Mr. Connor has selected Robert Newton, of Yorkville, Ill., to act as starter and although only a new man Mr. Newton already has a reputation second only to that of Frank Walker. He is president of a bank at Yorkville. One of the big races of the week will be the 2:05 pace, in which there are eight winners, among them Harry O, the fast son of Atlantic King. William Mc. The Maid, and others equally as fast. Major Muscovite, the pacer which has been winning all the big events on the western circuit, will start in the 2:08 pace. Ed Geers has eight horses entered and Scott Hudson will be here with his string of fast ones. The entries closed last Monday, and Secretary Connor will soon have them ready for publication. The Fort Wayne race meeting is now certain to be the most sensational yet held in the west.

WILL WORK FOR M'KINLEY.

Indianapolis, Sept. 7.—At a conference here yesterday between General Charles B. Tracey, chairman of the gold standard national committee, and Secretary John P. Frenzel it was decided to open headquarters here and enter upon an active campaign. General Tracey said sound money clubs will be organized, and the work will probably be taken up in detail as soon as the committee opens its headquarters.

It has also been decided to maintain a speakers' bureau for a number of states. General Tracey said he had received requests for speakers for this state, Kansas, Nebraska, Wisconsin, and others. John P. Irish, of California, former Congressman Outhwaite, of Ohio, W. D. Bynum, of this city, General Buckner, and other prominent gold democrats will be invited to take the stump again in the interest of sound money. Arrangements are also to be made for the sending out of sound money literature.

Discussing the political conditions, General Tracey predicted that fully 75 per cent of the gold democrats would vote for President McKinley. The following executive committee was announced:

George Foster Peabody, New York; L. C. Krauthoff, Illinois; Joseph Bryan, Virginia; L. M. Martin, Iowa; W. R. Shelby, Michigan; Talfourd P. Linn, Ohio; Thomas F. Corrigan, Georgia; Gordon Woodbury, New Hampshire; Lewis M. Ogden, Wisconsin; John P. Frenzel, Indiana.

WEDDING OF MISS M'KINLEY.

Somerset, Pa., Sept. 7.—The marriage of Miss Mabel McKinley, niece of President McKinley, to Dr. Hermann Ludwig Baer will be a quiet home affair, according to the arrangements which have been about completed by the young woman and her family. Miss Nora Jarvis, of New York, will be maid of honor. Miss Lucy Scull, of Somerset, a niece of Dr. Baer, and Miss Matilda Snyder, of Somerset, will draw the ribbons. Miss McKinley's cousin, Miss Katherine Mabel Endsley, a maid of twelve, will carry the bride's flowers, a bouquet of bride roses. By her side will walk the ring bearer, another cousin, Wilbur Schell, of Somerset.

Miss Jarvis will be gowned in pink crepe, trimmed with Cluny lace, and will carry American beauty roses. Wilbur Schell will wear a white satin marquis suit. The three little girls will wear white mull, having accordion plaited skirts and waists, with pink sashes, slippers and stockings.

Dr. Baer's cousin, Lewis Baer, will be best man and the house ushers will be William Fairman, of Philadelphia; Col. W. C. Brown, of New York; Frank Munsey, of the Munsey magazine; Frank Hannan, of Johnstown; R. C. Smith, of Philadelphia, and David Simpson, of New York. Earl Ulrich, the celebrated boy soprano, of New York, will sing.

The last game of the series between the Fort Waynes and New Castles was a slugging match intermingled with a comedy of errors. The Fort Waynes did the slugging and the Quakers made the errors. Van Buren and Lawrence in the outfield made a mess of several plays and all the infielders except "Tacks" Latimer made misplays. Piggemeier was in the box for New Castle and only three hits were made off him in three innings. Thereafter, however, the Fort Wayne batters toyed with his curves and as a few errors were generally made by the visitors while the Fort Waynes were hitting safely it was impossible to earn many runs, although ten Hoosiers registered at the plate in eight innings. "Jack" Harper pitched for Fort Wayne and he had control of the sphere for the first time in many moons. He kept continually putting the ball over the plate and as is usually the case when Harper has control a half dozen Quakers "fanned the wind." Harper also hit the ball hard and so did Babb and Kleinow, the auburn-haired catcher smashing the horseshide over right field fence for a home run in the sixth inning. Hollingsworth and Krueger each made errors in the first inning and two runs counted for New Castle. The two in the eighth were scored on a base on balls, Graffius' single and a two-bagger by Cargo. Fort Wayne base runners scored in every inning except three. Here is the complete score:

NOTES OF THE GAME.

"Cap" Collars has purchased Reub Browand's barber shop.

Sample will arrive in the city Sunday and will probably make Fort Wayne his home this winter.

Rosebrough hasn't lost a game since he joined the Mansfields and five of his victories were shut-outs.

The Shamrocks and the South Waynes will cross bats on the South Wayne grounds next Sunday afternoon.

The Shamrocks will play in Delphos, Ohio, on September 16, and on the 23d will again meet Kendallville. The boys have won seven out of the last ten games played.

Charley Babb has been demonstrating his worth to the Fort Waynes since his illness. He has made nine hits in five games this week and will be close to .300 if he keeps up the clip until Sunday.

On Saturday afternoon, Sept. 15, the Shamrocks will again meet the Auburn Reds at Auburn. The last game was the most exciting ever seen in Auburn, and this one will be stubbornly contested. Sixty per cent. of the receipts will go to the winner and 40 per cent. to the loser.

Dayton has the pennant "cinched" now. The Old Soldiers have had all the luck this season and as luck is the big factor in base ball are entitled to the flag. Umpire Colgan says that of all the teams in the Interstate Dayton is the only one that never had a streak of ill-luck in ball games.

The Fort Wayne management yesterday entered into an agreement with Wadsworth and Nattress that they would play in Fort Wayne next season providing they were not bound to the New Castle club. Nattress is wanted to take Krueger's place at short, as it is a "cinch" that "Gom Paul" will not be in the Interstate next year. Wadsworth is one of the brainiest twirlers in the league and will be a tower of strength to the team. Toledo has an agreement with Graffius and Frank to play with the Mud Hens next year.

Hemphill again distinguished himself by stealing two bases and twice he scored from second base on plays on which any other base runner in the Interstate league would have stopped at third. Hemphill is without doubt the fastest base runner in the Interstate league. Freddy Frank has been counted the best base runner heretofore, but he and his team mates now admit that Hemphill can beat him to first and around the bases. The New Castle players claim that Frank can beat Hemphill in a straight-away one hundred yard dash and there was some talk of a match yesterday. Hemphill believes he can beat Frank in a hundred yard dash if he is in condition. Hemphill is so fast on his feet that, although he is a right-hand batter, he can get to first base just as quick as Hartman, who has the advantage of batting left-handed.

THE MARKETS.

Chicago, Sept. 7.—Wheat opened quiet and steady today on light Argentine shipments—160,000 bushels—and firmness at Liverpool in the face of a decline here yesterday. The market soon eased off a trifle on profit-taking. October started ⅛c to ¼c higher at 73½c to 73⅝c and sold to 73¼@73⅜c. Local receipts were 326 cars, 8 of contract grade. Minneapolis and Duluth reported 463 cars, against 395 last week and 821 a year ago. Trade continued dull throughout the morning.

The market later touched 73⅛c, but following this rallied to 73¾c on an improvement in export demand, closing firm, October ¼@⅜c higher at 73½@73⅝c.

Corn was quiet and firm early, the firmness being due more to light offerings than of any special demand. October opened unchanged at 38@38⅛c and advanced to 38¼@38⅜c. Receipts here were 321 cars.

The closing was firm, October ½@¾c higher at 38¼@38⅜c.

Oats were dull and featureless, but steady in sympathy with corn. October opened unchanged at 21½c and sold to 21¾c. Receipts were 453 cars.

Provisions opened firm, helped by moderate hog receipts, but eased off on local selling of pork. October pork opened 7½c higher at $10.87½ and sold to $10.85. October lard 2½@5c higher at $6.70, selling to $6.65, and October ribs opened 7½c higher at $7.12½, holding steady at about initial figures.

THE CLOSE.

Prices at the close were as follows:

Wheat—Sept., 73c; Oct., 73⅛@73⅜c; Nov., 74¼@74⅜c.

Corn—Sept., 39½c; Oct., 38¼@38⅜c; Nov., 35⅞@36c.

Oats—Sept., 21½c; Oct., 21⅜@21½c; Nov., 21⅜c.

Pork—Sept., $10.95; Oct., $11.02½; Jan., $11.20@11.22½.

Lard—Sept., $6.70; Oct., $6.72½; Nov., $6.70; Dec., $6.52½@6.55; Jan., $6.50.

Ribs—Sept., $7.37½; Oct., $7.17½; Jan., $5.92½.

Flax—Cash N. W., $1.49; Cash S. W., $1.48½; Sept., $1.48; Oct., $1.44.

Hogs—Receipts today, 18,000; tomorrow, 13,000; left over, 4,598. Market strong; top, $5.55. Mixed and butchers, $5.05@5.50; good to choice heavy, $5.10@5.45; rough heavy, $4.95@5.05; light, $5.15@5.55; bulk of sales, $5.15@5.40.

THE DAY ON WALL STREET.

New York, Sept. 7.—The threatened strike of anthracite miners was the depressing factor all through the list. Of the coalers themselves, Reading first preferred fell ⅝ and New Jersey Central 1½. Kansas City and Southern preferred each lost a point. Otherwise changes were limited to small fractions and trading was light.

Stock prices were inclined to a lower level, but in only a few cases were the losses large. New Jersey Central and Rubber lost a point and Biscuit preferred 1½. Biscuit common advanced a point. Near 11 o'clock Brooklyn Transit and Missouri Pacific were pushed up a point and Tennessee rose ⅛. Pittsburg, C., C. and St. Louis preferred jumped 3 points and the whole list hardened.

Missouri Pacific touched 52¾, but realization put it down ½. The other Southwesterns improved steadily, St. Louis Southwestern preferred gaining more than a point. The general list was little affected. There was effective selling in some of the specialties, Reading second preferred reacting 1 and People's Gas 1¼. Rubber lost another point. The market at midday was unsettled with a somewhat easier tone.

Bonds were irregular.

WILL GO TO PEKIN

(Continued from First Page.)

is practically that which is in possession of the general public, and is based on newspaper reports and the opinions of official organs of the various countries.

It seems to be regarded as highly probable in official circles that when the time arrives for the actual negotiation looking to a settlement with China this government will appoint a commission for that purpose, rather than place the negotiations in the hands of a single individual. There have been various suggestions as to who might be appointed upon such a commission, but it is positively stated that as yet no definite selections have been made. As to the numerical strength of such a commission, the general impression seems to be that it would not consist of more than five members, more likely three, and possibly of only two. It can be stated upon the highest authority that there will be upon the commission some American of pre-eminent ability, whose reputation would be an immediate guarantee to the American people that American interests would be safe in his hands and whose standing before the world would be such as to give him and those associated with him prestige abroad.

It is believed that the administration is now casting about for such a man to head the commission when it shall be ready to appoint it. The names of ex-President Harrison, ex-Secretary of State Day and John Bassett Moore, who was secretary of the peace commission at Paris, have been mentioned in this connection.

No information is obtainable today regarding the new note, which it had been rumored the government was preparing for transmission to the powers. The only thing definite concerning it was the positive statement today that it had not been sent either last night or up to noon today.

No representations have been made by this government looking to a return of the Chinese imperial authorities to Pekin. Such a course on the part of the Chinese authorities, however, would be deemed highly desirable by this government, because it is believed here that a resumption of the reins of power at the capital of the empire would inevitably hasten and facilitate peace negotiations. If the Chinese authorities are deterred from returning by the military occupation of Pekin, it is pointed out that this fear would not be removed, except by the withdrawal of all the powers.

In this connection, the suggestion which is being made of a possible limited occupation of Pekin by the powers as a compromise does not seem to meet with favor here. The total force of the allies in Pekin is now about 30,000 men, and it is pointed out that the situation at the Chinese capital might make it unsafe for a force much smaller than that to attempt to preserve order.

The immense population of Pekin and the disturbed condition there produced by the uprising and fighting in the opinion of the officials here, who are giving the subject consideration, would make it hazardous for the powers to leave small forces there and withdraw the bulk of their troops to the coast.

ANXIETY FOR MISSIONARIES.

New York, Sept. 7.—Robert E. Speer, one of the secretaries of the Presbyterian board of foreign missions, received a letter today from David J. Hill, assistant secretary of state, dated Washington, September 6. Dr. Hill says:

"Your letter of the 4th inst., asking information concerning the missionaries at Pao Ting Fu, and particularly concerning Dr. C. V. Hodge and his wife, who are thought to be in Pekin, has been received.

"The department has had no definite information concerning the missionaries at Pao Ting Fu since the telegram from Consul General Goodnow at Shanghai, dated July 27 inst. In that telegram Mr. Goodnow stated that an official telegram received at Shanghai on the 18th reported all foreigners and many native Christians killed at Pao Ting Fu; mission burned; the Americans named were the Simcox family, Taylor, Pitkin, Miss Gould and Morrill.

"In view of the many urgent inquiries of the friends of Dr. and Mrs. Hodge—not mentioned in Mr. Goodnow's telegram—the department telegraphed on August 22 to Mr. Conger asking whether they were in Pekin. To this telegram no reply has been received.

"On August 28th the reports received from China from various sources concerning the Pao Ting Fu missionaries, being conflicting, the department again telegraphed to Minister Conger, directing him to ascertain their fate if possible and if any were alive to endeavor to send relief. There has not been sufficient time as yet to have received a reply to this inquiry."

SECURE PROFESSOR CALKIN.

Prof. Milo Calkin, the well known bandmaster, today signed a contract by which he becomes musical director of the Olympia band, and will move his family to this city at once. Professor Calkin has a wide reputation as an instructor and director of bands and has recently been connected with the Warsaw band. Previous to this engagement he was in charge of the Auburn band. He is a cornet soloist of distinction and a thorough master of his profession. The Olympia band is also figuring on securing H. D. Townsend, a trombone soloist, of Warsaw.

CHOIR BOYS PICNIC.

The boys of Prof. Charles Duncan Allen's choir at Trinity Episcopal church enjoyed their first annual picnic at Robison park Thursday, and the event was a most enjoyable one for all who participated. During the forenoon a game of base ball was played, team No. 1 winning from No. 2 by a score of 8 to 5. After a bountiful dinner the choir attended the theater in a body and then spent the remainder of the day enjoying pony rides, trips upon the steamer and at other amusements, returning after supper.

BIRTHDAY CELEBRATION.

The eightieth birthday anniversary of Mrs. E. T. Kerr, of Larwill, was celebrated Thursday at the home of her daughter, Mrs. E. B. Evans, of 386 Calhoun street, in a very pleasant manner. The guests included a few intimate friends of Mrs. Kerr, and she received many gifts as tokens of regard. Vocal and instrumental music were features of the occasion and a fine dinner was served. The guests from out of the city were Mrs. W. E. Wood, of Sewickley, Pa., and Mr. and Mrs. Allen Talbott, of Crestline, Ohio. Mr. Talbot is a brother of Mrs. Kerr.

EXCURSION ABANDONED.

The contemplated excursion of the members of the Fort Wayne police to the Lafayette carnival week after next has been abandoned. The coppers were unable to make a satisfactory rate with the railroads and have been obliged on that account to give up the excursion. They are considerably disappointed, as with a fair rate they believe they could have made the excursion a great success.

A NEW QUARTET.

The Kingston quartet, composed of Pennsylvania shop employes, will sing at the opening of the republican campaign in the republican headquarters tonight when Hon. William L. Taylor, attorney general of Indiana, and Hon. R. B. Hanna, republican candidate for congress in this district will deliver addresses. The members of this new quartet are republicans and the arrangement is as follows: Burton A. Hudsell, first tenor; M. K. Griffith, second tenor; Jay W. Brown, first bass; M. R. Hardendorf, second bass.

THE COUNTY COUNCIL.

The Allen county council is in session today making appropriations and fixing a tax levy for the coming year. The members present are Messrs. Brackenridge, Herbst, Groenwell, Hollopeter and Brandebery. L. A. Centlivre is ill and George Ziemer could not attend. Mr. Brackenridge informs The Sentinel that there will be no increase in the tax levy.

TOO MUCH PROVOKE.

Anna Edwards is on trial before Justice Tancey this afternoon to answer to a charge of provoke preferred by Philip Noma. An affidavit is filed in Justice France's court charging Mrs. Noma with provoking James Craig.

MARRIAGE LICENSE.

The Ladies' union of Simpson M. E. church will, during the U. V. L. encampment next week, serve meals at 109 Calhoun street.

TO ARBITRATION.

THE MINE WORKERS WILLING TO SUBMIT.

A STATEMENT IS PUBLISHED

WOULD GO TO ALL ENDS TO AVOID CONFLICT.

DESIRE ONLY WHAT IS FAIR

GREAT ANTHRACITE STRIKE IS IMMINENT.

Hazleton, Pa., Sept. 7.—A statement prepared with the hope of effecting an arbitration conference and averting the striks in the anthracite region was issued by the district officerst of the United Mine Workers of America. The statement is as follows:

"We, the district officers of the United Mine Workers of America, of the anthracite coal fields of Pennsylvania, having exhausted every effort to induce the operators to meet us in friendly conference for the regulation of a fair day's wages for a fair day's work and all other points at issue, do hereby agree to submit our case in every respect to honest arbitration as enjoined by the constitution of our organization, as follows:

"To use all honorable means to maintain peace between ourselves and employers, adjusting all differences, so far as possible, by arbitration and conciliation, that strikes may become unnecessary.

"P. D. Nichols, Pres. Dist. No. 1.
"Thos Duffy, Pres. Dist. No. 7.
"John Fahey, Pres. Dist. No. 9."

OFFICERS IN SESSION.

Indianapolis, Ind., Sept. 7.—The national board of the United Mine Workers of America went into executive session at 10 o'clock this morning and at once took up the situation in the anthracite coal fields.

Fred Dilcher, the board member, arrived here from Wilkesbarre, Pa., this morning and was present at the meeting. John Mitchell, president, was in communication late last night with Hazelton, Pa., by long distance telephone. No encouragement was received and a general strike is now considered inevitable.

The order to strike will probably not be given before tomorrow.

It may be telegraphed to the leaders of the anthracite miners before being given out here.

"We will certainly issue the order for a general strike and the country may as well be satisfied with this statement," said one of the board members today. "We care little what the operators have to say as to the impending distress in the Wyoming or other valleys. We are running things from Indianapolis now. The statement that there will be great distress does not worry us; we will take care of our men if they go on strike, and will not ask the operators for any financial aid."

It was announced today that the large defense fund held by the Illinois miners cannot be used without the consent of the local unions in that state.

One of the features of the conference today is the attendance of several prominent labor leaders who are not board members. W. D. Ryan, secretary-treasurer of the Illinois miners, is on the ground. The Illinois men have a defense fund of nearly $200,000, and it is said Ryan is here to pledge the financial support of the Illinois organization in case a general anthracite strike is ordered.

W. D. Van Horne is also in the city. His presence lends color to the reports that the national board is preparing to place the bituminous operators in a position where no coal can be given the anthracite operators when a strike is on.

STRIKE SEEMS CERTAIN.

Wilkesbarre, Pa., Sept. 7.—The refusal of the coal companies at their conference in New York to confer with the miners only makes the belief among the people of the Wyoming Valley the stronger that there will be a strike. The miners will be compelled to go out now or back down.

The demand for coal here is enormous. Those at the head of large manufacturing plants are of the opinion that if a strike is ordered it will be a long drawn-out affair.

The total amount of money paid in wages in the anthracite region a month now is $3,500,000.

CHICAGO R. R. Y. M. C. A. DAMAGED BY FIRE.

WAS A TRAINMEN'S RESORT

PASSENGER AGENTS TACKLE CONVENTION RATES.

NEW OCEAN STEAMER LINE

THE BALTIMORE AND OHIO BRANCHING OUT.

Pennsylvania trainmen who have been stopping at the company's department of the Y. M. C. A. while in Chicago will be compelled to hunt other quarters. Yesterday that establishment was more or less damaged by fire and will be closed for repairs for awhile. The story of the fire as told by a Chicago paper is as follows: "Fire that started in the kitchen of the Pennsylvania line's department of the Y. M. C. A., at 432 Garfield avenue early yesterday evening caused $4,000 damage and much excitement. The chef found fire raging in the rear of a gas range and presumably extinguished it with a pail of water. A few minutes later he was informed that the building was on fire. When the department arrived the structure was a mass of flames, but in half an hour was under control. The loss is covered by insurance."

RATES MAY BE RAISED.

Instead of cheaper rates to conventions, the people who in the future may have occasion to make journeys of this kind will have to pay more for transportation. At least that is the aim of a movement now on foot among passenger men throughout the country. Instead of the one cent per mile rate and the one and one-third fare rate, it is proposed to make the rate one and one-half fare for the round trip and in no case to break away from such agreement. Of course this movement will have no bearing upon the matter of rates for the encampment of the Union Veteran Legion in this city next week, but later events will be effected by it. At the last meeting of the Central Passenger association, this subject was given considerable attention and the question was referred to a committee with instructions to consult other passenger associations and to report results at the meeting in Chicago next Wednesday. It is believed that other associations will have made their decisions by the November meeting, but it is hardly expected before that time. The agitation is started this early so as to have the new rate in effect by the first of the year.

THE FIREMEN'S CONVENTION.

Next Monday the national convention of the Brotherhood of Railway Firemen will convene in Des Moines, Iowa, and delegates are already congregating there. Fireman W. H. Perry, of the Pittsburg, is the representative of A. G. Porter lodge, of this city, and will leave in a day or two for the Iowa capital. Engineer and Mrs. James Archart are now on their way there. Mrs. Archart will represent the local auxiliary in the grand lodge, while Mr. Archart will work in the interest of Fort Wayne in the selection of new official headquarters for the grand lodge. There is likely to be a lively contest over this question, several cities having aspirations in that way.

THREE UNFORTUNATES.

Dr. E. J. McOscar, surgeon for the Pennsylvania company, attended three unfortunates yesterday, who are employes of the company. M. R. Hardendorf, of the blacksmith shop, had his right wrist cut upon a sharp piece of iron last evening and will be unable to work for a week or two.

H. F. Moore, also of the blacksmith shop, received an ugly cut on the right arm, an inch or two above the elbow. The flesh was laid open to the bone and the surgeon had to take several stitches in closing the mouth of the wound. Mr. Moore was injured by striking his arm against a sharp piece of steel.

P. Morris ran against something at the east car shops yesterday afternoon, inflicting a deep and painful gash on the right cheek, immediately below the eye. Dr. McOscar had to take several stitches also in closing this wound.

A POPULAR TRAIN.

The Rome City cottagers' train, which will make its last run for the season next Monday morning, has given excellent satisfaction and will be a regular thing on the road in the future. It is not only popular with the cottages, but is considered a money maker for the company. The crew is also popular with the patrons, one of the cottagers saying that their courteous and manly bearing towards passengers had won the good will of all and the general hope is that the same trainmen may have charge of the train next season. Last night No. 9, on the Pittsburg, was forty-five minutes late in reaching the city and the northbound Grand Rapids train No. 3 did not wait for it. There were some passengers on No. 9 for the north and they were put aboard the cottagers' train, which overtook No. 3 at Rome City. The latter train was thus detained only five minutes, whereas it would have been detained three-quarters of an hour had it been compelled to wait here for the Pittsburg train. Conductor Harvey Brokaw and Engineer George Wagner have had charge of the cottagers' train during the summer.

WILL INSPECT TRACKS.

Next week Mr. C. M. Bennett, superintendent of the Cincinnati and Muskingum Valley road, a part of the Pennsylvania system, will make an inspection of the tracks on the western division of the Pittsburg, Fort Wayne and Chicago road. He will cover division D—Chicago to Fort Wayne—Tuesday and division C—Fort Wayne to Crestline—Wednesday, remaining over night in this city. This track inspection has become a monthly occurrence.

NEW B. & O. STEAMER LINE.

Philadelphia, Sept. 7.—The Baltimore and Ohio Railroad company, whose new pier at Jackson street wharf has just been completed, is reported to have closed contracts with the North German Lloyd Steamship company and with an English steamship line for regular service between Philadelphia and Bremen and between Philadelphia and London respectively.

For the time being chartered vessels will be used for the London service, which will be followed by other vessels, probably those of the Leyland line, which now trade to New York. The Leyland company will probably build steamers for the Philadelphia service.

INDUSTRIAL NOTES.

The Pennsylvania pay car will arrive in this city on the 17th inst., one week from next Monday.

G. Wefel, a steam fitter at the east car shops, is suffering from malarial fever and is said to be very sick.

Pitsburg Engineer P. E. Malone and Firemen A. Wilde, S. Gable and J. E. Crowley are sick and off duty.

C. B. Hankens, of the Pittsburg boiler shop, who was hurt some days ago, has recovered from the injury.

Passenger engine 1,144, just out of the Wabash shops, left this morning for the Buffalo division of the road.

Brakeman Speidel, of the Pittsburg, has returned from a three weeks' visit with relatives at Forest, Ohio.

Harry V. Anders, a Pennsylvania train dispatcher, who has been taking a vacation, will resume work tomorrow.

F. W. Smith, for six weeks on the sick list, resumed his work in the Pittsburg blacksmith shop this morning.

Engineer J. Boescher has recovered from his recent illness and yesterday reported for work on the Pittsburg road.

Mrs. Moore, wife of Engineer David Moore, of the Pittsburg, has gone to Saginaw, Mich., for a visit with friends and relatives.

Division Freight Agent W. S. Sprott, of the Wabash, and Agent W H. Young, of the Wabash dispatch office, were in the city yesterday.

Pittsburg Shopmen Henry Minneker, Martin H. Sorg, Fred Kraft, H. Rathert, C. Behm and H. E. Rondot are off duty on account of sickness.

Local Conductor Henry Overholser reported for duty on the Nickel Plate yesterday after an absence on account of sickness in his family.

F. Brewster, who had been visiting relatives in Buffalo, N. Y., for ten days, resumed his duties in the Nickel Plate roundhouse yesterday.

Engineer Samuel Speece and Fireman T. F. Haley, who had been taking a rest of a few days, reported for work on the Pittsburg yesterday.

Oliver Hebert, jr., night clerk in the Pittsburg round house, is taking a short lay off, pending which Theodore Dobler will work at nights.

Frank J. Greer, of the Pennsylvania, and his wife, arrived home on Pennsylvania train No. 15 this morning, after an absence in Europe of three months.

Engines 603 and 659 from the Detroit division of the Wabash, arrived here last night and will be taken in the shops for general repairs. The instructions are to hurry up the work, as these locomotives are badly needed on the road. They are passenger locomotives.

Associate employes of Lester I. Knapp, retiring master mechanic of the Lehigh Valley road, presented him with an elegant gold watch and chain.

Conductor A. Kniffin and his family have returned from Petoskey, where they spent three weeks. Mr. Kniffin reported for duty on the Pittsburg yesterday.

The old crop of corn in the west and southwest is moving quite freely towards the east and this is creating a lively demand for cars in some quarters.

W. A. Bowman, a fireman on the Pittsburg and Lake Erie, has brought suit against the company for injuries received by jumping to avoid a collision.

Harry Kelker and Perry Van Alstine, Pittsburg engineers, are in northern Michigan for a little recreation. They expect some fine sport in a piscatorial way.

Wayne Templar and Thomas Hetzinger, machinists, and Ed Rist and Benjamin Lytle, boilermakers, went to Peru this morning to do some work for the Wabash company.

A. C. Davis, the electrician who is at present engaged in installing a plant for the Pennsylvania company at the Madison street station in Chicago, is in the city today on business.

S. G. Blanchard, the retiring station agent of the Pennsylvania lines at South New Castle, has been with the company continuously as telegrapher and agent for thirty-eight years.

Tomorrow the Pennsylvania will furnish a special train to carry a number of republicans from Pierceton to South Bend, to attend a club meeting. The train will follow No. 37 to Pierceton.

C. L. Daseler, clerk in Shop Clerk J. H. Hobrock's office, will take his annual vacation next week. He is a member of the City band and will devote much of the time in music at the encampment.

The Panhandle is building a new style of passenger station at Idlewood. It not only includes waiting rooms, baggage rooms and telegraph office, but the agent's residence is in the same building.

L. B. Lewis, who was agent of the Baltimore and Ohio Southwestern at Chillicothe, goes to East St. Louis as agent of the company, a much more important place. He succeeds J. M. Davidson, resigned.

Martin Coady, who helped build what is now a portion of the Panhandle road, between Columbus and Newark, Ohio, and who has worked for the company until quite recently, died in Columbus last Tuesday.

Mr. John Evans, the manager of the St. Louis branch of the Anthony Wayne works, will arrive in the city this evening and he the guest of his relatives the balance of the week. He has, in company with his wife, been at Petoskey for several days.

Thomas Cavanaugh, machinist apprentice in the Wabash shops, had the index finger of his left hand caught in the gearing of the machine he was operating yesterday and the digit was badly pinched. He will be unable to work for a few days.

George Graves, superintendent of the Indiana, Decatur and Western, who a few days ago went to Atlantic City for a month's stay, returned yesterday to look after matters. In the ten days he has been away two depots on the line have been burned and a fireman killed.

The deliveries of coal at Newport News by the Chesapeake and Ohio road in August exceeded all previous records. During the thirty-one days the company delivered to be loaded into ships 231,078 tons, and but for the cave-in at the tunnel near Hinton the deliveries would have reached 300,000 tons.

The Baltimore and Ohio is the first road doing business with New York to introduce automobile cab service in connection with the ferry at Liberty street. Experiments in Washington, Baltimore and Philadelphia have demonstrated that it is a popular vehicle say the passenger officials of the Baltimore and Ohio.

Washington township, in Delaware county, which a short time ago refused a subsidy to the Chicago, Indiana and Eastern road, has voted to aid the Cincinnati, Richmond and Muncie road to the extent of $15,000. This line is designed to connect the Cincinnati, Hamilton and Dayton and the Chicago and Erie roads, forming a new and short line between Chicago and Cincinnati.

The Nickel Plate has found it necessary to make changes in the train crews, of which the following are a few: Brakeman C. Vardaman with Conductor F. Maxwell, Brakeman C. A. Blount with Conductor Samuel Grable, Brakeman Maurice Dentrick with Conductor Van Meter, Brakeman C. Stephenson with Conductor G. M. Sayers, Brakeman E. E. Bedson with Conductor Hilbish, and Brakeman E. Miten with Conductor P. J. Devitt.

Capt. H. Stoll will increase his force here next week, during the Union Veteran Legion encampment, in order that he may more effectually protect visitors and citizens from the thieves who always gather at such times. Detective Thomas Wilkinson, of the Nickel Plate, will also have some extra detectives in service and will look after the interests of the patrons of that line and the public in general. Other roads will also have detectives here. The police department will be able to keep the city pretty clear from the light-fingered gentry.

Charles Saal, who recently came here from Huntington to take a position with the Kerr Murray company, yesterday purchased the house and lot at 59 Oakley street, which has been the home of Mr. and Mrs. M. S. Willson for several years. The latter will move as soon as they secure a house. Mr. Willson is foreman of the testing room at the Electric works.

Ask your grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is made from pure grains, and the most delicious stomach receives it without distress. ¼ the price of coffee. 15c and 25 cts. per package. Sold by all grocers.

HANDSOMEST IN THE STATE

WOLFF BROS.' CLOTHING STORE IS OPENED.

New Establishment Is a Marvel of Beauty, and Great Throngs Call to Inspect It.

Several thousands of Fort Wayne people who accepted the invitation to visit the new clothing house of Wolff Brothers, which was thrown open to the public on Thursday, were richly repaid for their visit. For the new establishment is truly a marvel of beauty, and the comment of visitors at the formal opening was a continuous expression of delight.

It is the old stand occupied for so many years by Sam, Pete & Max, but the oldest inhabitant would not recognize it now. From top to bottom the big building has been under the hands of skilled mechanics and decorators, and the proprietors proudly lay claim to the handsomest clothing establishment in Indiana. The show window at the front is itself a revelation of the possibilities in this direction, and there is but one other like it in the United States. This is at Chicago, and it is considerably smaller than the Fort Wayne window. Both fronts are of oval glass with no supporting columns to mar the beauty, and at night two hundred incandescent lights make the place radiant in its illumination. Every portion of the fixtures inside the big store are new and of the latest pattern. Show cases, tables, office fixtures and other furnishings are massive and artistic, the offices at the rear have been elevated, and beneath them are the dressing rooms. A handsome steel ceiling has been placed in the room, and upon the ceiling and walls decorators have shown their prettiest efforts.

The stock of goods is an immense one, and it has the added advantage of being entirely new and of the latest pattern. While the store is under the management of Messrs. Charles and Albert Wolff, who come to Fort Wayne fully equipped to duplicate their western triumph, the Fort Wayne visitor will find a number of familiar faces in the store. The assistants have been chosen from the old staff of Sam, Pete & Max, and they include Messrs. Louis Schirmeyer, Frank Jones, Christ. Rose, Amiel Schank and others who are familiar with the desires of Fort Wayne people.

For the opening occasion handsome pots and vases of flowers were distributed about the store in pretty profusion, and at the rear Reineke's full orchestra rendered music during the afternoon and evening. The new establishment takes its place in the ranks of Fort Wayne business circles under the most auspicious circumstances, and its future is rich with promise. The Messrs. Wolff are pleasant, affable, genial business men who are a distinct addition to any city. The Fort Wayne public will extend to them the warmest welcome.

PRIEST IS WITH THE FIGHTERS.

Notre Dame, Ind., Sept. 7.—Notre Dame Post, G. A. R., No. 569, has mustered in another member. The new comrade is Rev. P. H. Brennan, of the Society of Jesus. Mr. Brennan is chaplain of all the public institutions of the city of Boston and is a man of marked attainments even among the Jesuits. He was a member of the One Hundred and Thirty-fourth Pennsylvania volunteers during the civil war and saw most of his service in the army of the Potomac. He is a graduate of a medical college, and for a time was attached to the medical department. After the war he took holy orders, and recently determined to apply for admission to the Notre Dame G. A. R. post, the only post composed entirely of Catholic religionists in the country. He was elected to membership and was recently mustered in here at Notre Dame. The Notre Dame post was organized in 1897, with eleven members. Two have since died, including the first commander, Rev. William Corly, C. S. C., chaplain of the Irish brigade. General William A. Olmsted is now commander.

LABOR UNION IS A TRUST.

Des Moines, Iowa, Sept. 7.—Justice Halloran has rendered a decision in a justice court in the case of Ryan vs. Charles Weitz & Son, in which he held that a labor union is a pool or trust, the operation of which is in direct violation of section 5060 of the code of Iowa, which says: "Any corporation or organization having for its object the maintenance or regulation of any commodity is a trust or pool." The American and English encyclopaedia of law defines labor to be a commodity, and it is on these two authorities that Mr. Halloran formed his opinion. Ryan is backed by the Teamsters' union of Des Moines, which will take the case to the district court on a writ or error. The supreme court will probably be called upon to settle the question.

FROLIC ENDS IN DISGRACE.

Xenia, O., Sept. 7.—Bernice Fox and Eva Cavender, two girls not over 16 years old, of this city, took a horse and buggy from in front of Harner & Wolf's grocery Wednesday evening at 7 o'clock, without the knowledge or consent of the owner, and went out to Lucas Grove, not returning until after midnight. On returning, they hitched the horse at another point, but were captured by the police, who were on the watch, and taken to the police station. Yesterday morning they were sent to the workhouse for five days. The girls belong to respectable families and thought they were doing something funny.

There's a good thing SLAVLY'S have it

The Van Deusen Cake Mould

THE ONLY PRACTICAL AND DURABLE CAKE MOLD MADE. Being solid, they cannot leak batter, as the loose-bottom pans do, and they are more durable, and easier to operate, and the cake can be removed as easily as from any other pan, by inserting a knife through the openings at the sides to loosen it. This does away with the disagreeable work of greasing pans, and produces that light, delicate cake, with no greasy crust, which everybody knows is the most delicious and most healthful. We are the selling agents in Fort Wayne for all of Mrs. Van Dusen's Kitchen Helpers.
